

Build-a-Tray™ Patent Pending

For School Food Service

The **Build-a-Tray™** program is an interactive game that Children participate in, while they walk through the lunch line and fill their lunch trays.

The shapes and colors represent the **5 food groups** of the Food Pyramid - mypyramid.gov site. Match and fill your 5 tray sections, **with at least 3 of the 5 food components**, required on your school lunch line.

This program is in tandem with Offer Verses Serve, using Traditional Food Based Menu Planning and with the National School Lunch Program (NSLP).

BUILD-A-TRAY

1. PROTEIN
