The purpose of this Student Handbook is to give students and their parents/guardians an understanding of the general rules and guidelines for attending and receiving an education in our schools.

In case of a conflict between a Trumbull Board of Education Policy and the provisions of this Handbook, the Board Policy most recently adopted by the Board will prevail. If Board policy changes related to students are enacted during the school year, the administration will communicate such changes immediately to students and their parents/guardians. Trumbull Public Schools policies approved by the Board of Education are maintained on the TPS District website at <https://www.trumbullps.org/boe/policies.html>

For the Academic and District calendars, refer to
<https://www.trumbullps.org/th/about-ths/calendars>

Procedures, Policies, And Regulations

A complete list of student and school procedures, policies, and regulations is available in the Main Office, each House Office, Central Office, at <http://www.trumbullps.org> and also in the Trumbull Board of Education Policy Manual.

School Cancellation Information

In the event of inclement weather, listen to local radio station WICC (600 AM) Trumbull Community Television ([Charter Spectrum channel 194/Frontier Vantage channel 6019](#)) or www.trumbullps.org/thz for information regarding school delay or closing.

Parents are encouraged to confirm their email addresses, cell phone numbers, and home phone numbers with their child's school counseling office for the Infinite Campus Messenger System.

School Buses

Administrators have the authority to deny bus transportation in the interest of safety to any student who disobeys bus safety regulations. You should conduct yourself in an orderly fashion. Unmannerly behavior will not be tolerated. Of course, potentially dangerous items, as well as any illegal items, are not allowed to be carried on buses. In the interest of safety, you are reminded to leave or enter the bus only when told to do so by the driver and that any crossing of streets should be done in front of the bus.

School Traffic

Trumbull High School has a clearly defined traffic pattern to maximize the safety of students, staff, parents, and community. Exercise extreme caution when entering or leaving school grounds. A limit of 15 mph is in effect for all school property, and pedestrians always have the right of way. During arrival and dismissal times, drivers are not to interfere with buses and are expected to drop students or pick them up at designated areas. In no instance should a driver pass a bus that is displaying flashing lights or a stop signal.

Student Parking

Driving and parking at Trumbull High School is a privilege. The high school has ample parking, however, space is limited each spring. All student drivers should adhere to the following procedures and rules designed to ensure safety:

- Park only in the designated student parking lot(s). All student spaces are marked with **white lines**.
- Park between the white lines provided to designate parking spaces.
- The parking area in the back of the building (behind B and C house) is clearly labeled and reserved for faculty and marked with **yellow lines**.
- Do not park in driveways or roadways.
- Cars must be locked at all times. The school is not responsible for any automobile or its contents.
- Students' vehicles may be subject to search if there are reasonable grounds to believe that drugs, alcohol, stolen property, or other contraband might be present in that vehicle or if a vehicle is illegally parked.

Any student found in violation of the above or engages in any unsafe operation of an automobile may be denied the privilege of parking on campus by the school administration.

THS administration may make changes to student parking procedures at any time.

Volunteers (TPS policy 1212.1)

*For all policies and most recent updates please visit our district website at
www.trumbullps.org/boe/policies*

The Trumbull Board of Education recognizes that volunteers can make many valuable contributions to our schools. Volunteers working within the schools must work under the supervision of District staff. Volunteers must adhere to all policies, regulations, and procedures of the Board of Education and each of its schools, including applicable policies on the confidentiality of student information.

Regulations

Definitions of Tier I & Tier II

Volunteers A volunteer is defined as an individual, other than an employee, who works with the students at any of the Trumbull Public Schools.

- A volunteer shall be considered a “Tier I” volunteer if the individual will be working with students for a one-time specific event held within the regular school day and the regular school year. Examples include, but are not limited to: a one-time guest speaker in a classroom; a chaperone of a field trip held during the regular school day and the regular school year; a reader participating in the District Read-Aloud Day; etc.
- A volunteer shall be considered a “Tier II” volunteer if the individual will be working with students (a) for more than a one-time specific event; or (b) for a one-time specific event held outside of the regular school day and the regular school year. Examples include, but are not limited to: a parent/guardian who assists the classroom teacher during student learning centers on a monthly basis; a chaperone of an overnight field trip.

Visitors to Schools (TPS policy 1250)

*For all policies and most recent updates please visit our district website at
www.trumbullps.org/boe/policies*

The Trumbull Board of Education permits visitations to the schools by parents and other members of the community. However, in order to avoid interference with the educational program and to protect the safety and welfare of students and staff, the Principal of each school shall administer visitations in accordance with regulations established by the Superintendent of Schools.

All visitors, immediately upon arriving at Trumbull High School, must show proper identification before being admitted to the building, and proceed to the security desk to state their purpose for visiting and to register. It is the preference of the school based security team to inform the school of any visitation in advance.

Health Services

Trumbull High School has registered nurses on-site from 7:15 a.m. to 2:45 p.m. during the school year. Daily records are kept of students reporting to the nurse, the reason for their visit, the care administered, and the time of arrival and departure. A student should request a pass from their teacher in order to visit the health office.

Physical Exam Requirements

Each student, before initial enrollment in the Trumbull Public Schools, shall have had a health assessment within 365 days of enrollment and proof of up-to-date immunizations. Each student transferring from another school out of the district shall produce a cumulative health record or certified true copy from the previous school district, and must have a valid physical within the last year (365 days) including up-to-date immunizations prior to enrollment.

All grade 9 students must submit an updated proof of immunization and complete health assessment record performed anytime from June 1, 2018 through June 1, 2019. It must be conducted and signed by a qualified practitioner of medicine, which is required by Board of Education policy and Connecticut State Law. By January 31st of each school year, principals will notify the parents and guardians of students in grades three, six and nine of this policy and that a student may not attend classes after June 1st if the health assessment requirements have not been completed. Please note: If the physical form is not on file in our health office by June 3, 2019, the student will not have the ability to attend classes.

All students participating in interscholastic sports at the high school level are required to have an annual physical examination by an outside physician before they are eligible to participate. The forms must be completed properly and must be on file in the health office in order for the nurse to review the results of each student's examination. Physical exams must be on file prior to tryouts in order to validate white cards allowing participation. A new white card is necessary for every season and athletic event.

Medication

A medication administration form for prescription and non-prescription medicine must be filled out and signed by a physician and parent/guardian yearly. A diabetic management plan completed by a physician and signed by a parent/guardian is required yearly for all diabetic students. A food/insect allergy management plan completed by a physician and signed by a parent/guardian is required yearly for students with anaphylactic allergies. Epinephrine, and/or other prescribed emergency medications must be with the student during field trips or student will not be allowed to participate. Medication administration orders for the emergency medication must also be on file in the health office in order to attend field trip.

NO MEDICATION IS TO BE CARRIED, ADMINISTERED OR TAKEN IN SCHOOL WITHOUT PROPER MEDICAL AUTHORIZATION TO BE COMPLETED BY A MD, D.O., APRN, P.A., or DDS. PARENT/GUARDIAN

SIGNATURE IS ALSO REQUIRED ON THIS FORM. Students are only allowed to self-carry epinephrine and/or asthma inhalers with a Town of Trumbull medication authorization form completed properly along with a parental signature allowing self-administration of the medication on file in the nurse's office yearly. The school nurse will evaluate each student self-carrying epinephrine and/or an asthma inhaler for competency in order to self-carry the medication.

School Counseling Program

The school counseling program is an integral part of the total education program. The counselors exist to further the building and district goals of academic achievement, career planning, and social-emotional development.

The program concentrates on assisting each student to develop:

- positive self-image
- academic potential
- academic and career plans
- communication skills
- change and transition skills
- decision making and problem-solving skills

A school counseling calendar is developed to offer programs throughout the school year to all students. The fall programs are designed to provide orientation to all students new to the high school and to finalize post high school plans for all seniors. The spring finds counselors seeing each freshman, sophomore and junior to plan appropriate course selection for the coming academic year. With juniors, special emphasis is placed on developing post high school plans.

In addition to developmental guidance offered to all students, counselors provide assistance to any student experiencing academic and/or personal problems. The school counseling staff is available to students whenever necessary. In non-emergency circumstances, you can make an appointment in your school counseling office.

Along with individual appointments with the student's counselor, evening programs are offered to students and parents to help inform them about financial aid and assist in developing post high school plans.

The School Counseling website is updated throughout the year. The site contains information pertaining to programming, college information and community service opportunities.

<https://sites.google.com/a/trumbullps.net/ths-school-counseling/>

Naviance

Naviance is a resource of the school counseling program available to all students. Students have a unique username and password and will use the program through all four years. Every student will access Naviance starting in grade 9 to develop their personal Student Success Plan. Naviance offers a plethora of college research information. When the time comes to apply to college, Naviance is used for the electronic submission of Trumbull High School transcripts and letters of recommendation. It is also a database for student scholarship opportunities. A link to

Naviance can be found on the school counseling website. Any student having difficulty logging in should contact their school counseling secretary.

Trumbull Community Service Award (TCSA)

The Trumbull Community Service Award (TCSA) is an award encouraging students to engage in service. TCSA was started as a way to thank and honor THS students who, by example, inspire others to engage in community service. In order to qualify, THS students need to fulfill a minimum number of hours to be eligible for the program, the hours must be obtained in the year prior to the May 1st deadline, and students must complete an application. Students can pick up an application form in their house counseling office or can download it on the school counseling website.

Eagle Award - min. 100 hours

Golden Eagle Award - min. 200 hours

The TCSA application is *due to the student's counseling office by May 1st to be considered for this award*. The TCSA committee will meet after May 1st of the current school year to review submitted hours to then determine students who have met eligibility criteria.

College and Career Center

The College and Career Center is an integral part of the School Counseling Department, providing information on careers and post high school educational institutions for students and parents. The facility is a walk-in center available to students on a daily basis. Among its numerous resources, the center maintains computers for student use and post-secondary college planning. A college and career coordinator assists students in their research and the college application process.

The College and Career Counselor coordinates career exploration opportunities available to all students. Career based field trips, career workshops, and job shadow/internship opportunities are offered throughout the year. Events and opportunities are posted in the daily announcements and on the College and Career website. <http://thscollegecareercenter.weebly.com/>

Program and/or Schedule Changes

Students will select courses in the early spring of each year for the following academic year. Students and parents must keep in mind that the course selection represents a FINAL CHOICE OF COURSES with the following exceptions:

1. If a student has satisfactorily completed summer school they may apply for a program change during the summer.
2. If a student's educational objectives have altered significantly, an individual interview with a counselor before the opening day of school MAY result in a recommendation for change.
3. Should new programs be approved subsequent to the selection of courses, those will be properly announced and program changes authorized to accommodate the new offerings.
4. Any changes due to extenuating circumstances may be considered by the principal

or his/her designee.

Any student request for program changes should be accompanied by documented parent communication.

Protocol for Course Drop/Add

Once the school year has begun, students must follow the drop/add protocol. Students must meet the criteria for program or schedule changes and confirm space availability in the newly requested course.

A student initiated course LEVEL CHANGE requires completion of the Request for Change of Program form which is available from the school counselor. The current teacher and department chairperson must sign the form to initiate the change process.

PROCESS:

- Step 1: The counselor will determine if the student meets the criteria for program or schedule change and confirms space availability in the course.
 - Step 2: The student will obtain the form from the counselor.
 - Step 3: The student will complete the form and have the form signed by the teacher and department chair.
 - Step 4: Parent signature is required prior to the change.
 - Step 5: Upon return of the form, the counselor makes the change and will notify the sending and receiving teacher.
- Program or schedule changes must be completed within the first 5 days of a course.
 - Level change requests must be submitted by the mid-quarter reporting deadline of the first semester of the course.
 - Students are to remain in attendance for any course they are assigned until a new schedule has been provided by the school counselor.
 - Students are responsible for all content covered in a course regardless of the date they add/drop the course.

Protocol for Course Withdrawals

- Class of 2020, 2021, and 2022: Students must maintain 5 ½ credit minimum.
- Class of 2023: Students must maintain 6 ¼ credit minimum.

Any student wishing to drop a course, who would not drop below minimum credits, requires completion of the Request for Change of Program form. The current teacher and department chairperson must sign the form to initiate the change process.

PROCESS:

- Step 1: The counselor will determine if the student meets the criteria for a program or schedule change.
- Step 2: The student will obtain the form from the counselor.
- Step 3: The student will complete form and have form signed by teacher and department chair.
- Step 4: Parent approval is required prior to change.
- Step 5: Upon return of the form, the counselor makes the change and notifies sending teacher.

- Students who withdraw prior to the first 20 days will not have the withdrawn course indicated on their transcript.
- Students who withdraw after 20 days will have a W (Withdrawn) represented on their transcript.
- Students who withdraw from a course after the first quarter of the course will receive a WP (Withdraw - Pass) or WF (Withdraw - Fail) represented on their transcript.

Pass/Fail Option

1. A student may select ONLY one credit per year in any elective area on a Pass/Fail basis.
2. If the minimum requirements for graduation in any particular academic discipline has been met, the student may choose any subject in that particular discipline as an elective on a Pass/Fail basis.
3. The impact of Pass/Fail on GPA can be discussed with the school counselor.
4. An effort mark is to be part of the Pass/Fail grade.
5. When in a Pass/Fail course, students will be responsible for all requirements of that course (attendance, homework, tests, etc.) as though the course were a regularly and traditionally graded course.
6. The student must express an interest in pursuing a Pass/Fail option no later than one week after the mid-marking period in a course.
7. The final decision must be approved by the Administration.

*For all policies and most recent updates please visit our district website at
www.trumbullps.org/boe/policies*

Graduation requirements are found in the THS Program of Studies as well as listed in Policy 6146. Please see your school counselor to answer additional questions regarding graduation requirements.

Student Progress Rubrics

At the end of each course Trumbull High School teachers will report each student's progress (regarding the 21st century skills stated in the Trumbull High School Core Values and Beliefs statement) via the school wide rubrics. This information will appear on the report card under the comment section. The skills being measured include: Reading Effectively, Writing Effectively, Problem Solving Through Critical Thinking, Using Technology in Decision Making, and Independent Thinking and Learning. For more information regarding the rubrics and department reporting visit <https://www.trumbullps.org/thhs/2013-08-06-19-43-49/rubrics>

Community Service Graduation Requirement

Community Service is a requirement for graduation. The minimum community service requirement for graduation is one hour per year or four hours per four years. Please note that in order for community service hours to be verified, forms should be signed by the advisor (who is not the parent/guardian of the student)

overseeing the task. A score of “Needs Improvement” or higher, by rubric standards, will fulfill their graduation requirement. Please see your counselor for more information on the rubric. Information is located on the Counseling website, in your Counseling Office, or you may speak with your counselor.

Student Records

Parents, legal guardians, and students who are 18 years or older have the right to all information from all records concerning themselves or their children. Only parents, legal guardians, students of majority age, and Trumbull Board of Education employees with direct responsibility for the educational development of the student may see these records (with the exception of courts and other agencies with subpoena power). These records may be made available to others with written permission from the above parents, legal guardians, and student adults. Student records are the property of Trumbull High School.

The Board of Education recognizes the need to comply with the legal state and federal requirements regarding the confidentiality, access to, and amendment of student records. For additional information about student records please visit TPS policy 5125.

Change of Address, Phone Number, Email

If you have a change of address please contact the Assistant Superintendent’s office to provide updated proof of residency. The Assistant Superintendent's office is located in the Long Hill Administration Building 6254 Main St. Trumbull, CT 06611. 203-452-4348. Information regarding residency can be found online: <https://www.trumbullps.org/general/student-registration.html> If there is a change of phone number or email please contact the counseling office to provide updated information. Without this information, we would be unable to make important contacts in the event of an emergency.

Reporting To Parents (TPS policy 5124)

For all policies and most recent updates please visit our district website at www.trumbullps.org/boe/policies

The Board of Education encourages regular and effective two-way communication between parent and teacher through frequent and varied reporting methods.

Grading System

At Trumbull High School, the following letter symbols are used to evaluate student progress:

Computation of Cumulative GPA

Only final grades are used in the calculation of a student's cumulative GPA. The calculation is based on the following formula:

$$\text{GPA} = \left[\frac{\text{SUM}(\text{Quality Points})}{\text{SUM}(\text{Credits Attempted})} \right] + \text{SUM}(\text{Bonus Points} \times \text{Credits Attempted})$$
 Quality Points are as follows:

A+	=	4.33
A	=	4.00
A-	=	3.67
B+	=	3.33
B	=	3.00
B-	=	2.67
C+	=	2.33
C	=	2.00
C-	=	1.67
D+	=	1.33
D	=	1.00
D-	=	0.67
F	=	0

- Quality points will vary depending on the credits earned for a class. For example: An 'A' in a full credit course is worth 4.0 quality points, while an 'A' in a half credit course is worth 2.0 quality points.
- Bonus Points are additional weight given to honors and AP level courses. For example:

An honors course adds .05 (.0625 for lab science) to a student's cumulative GPA while an AP course adds .07 (.0875 for lab science) to a student's cumulative GPA.

In addition to grades and brief comments, report cards also will indicate an effort grade numbered 1, 2, 3, or 4. Attitude is one component of this grade. An explanation of the categories is as follows:

1: OUTSTANDING- Usually works up to or beyond capacity and displays outstanding individual accomplishment. Areas include daily class participation, full completion of assignments, regular preparation, and high self-motivation towards achievement.

2: SATISFACTORY- Performs responsibilities in an acceptable manner, sharing in the characteristics of the outstanding category but to a lesser degree.

3: NEEDS IMPROVEMENT- Indicates the student is in difficulty and not performing up to desired standards. Shows deficiencies in areas of daily preparation and performance. Student is in need of parental-guardian/counselor/teacher attention.

4: UNACCEPTABLE- Indicates unsatisfactory performance in all aspects of student classroom responsibilities throughout the marking period. Areas of concern may include the following: frequently disrupts classes, does not do assignments, and does not make up work. Students placed in this category shall be ineligible to participate in interscholastic and/or extracurricular activities for a period of not less than three (3) weeks following the issuance of report cards. Reassessment of the student's effort may be requested following the three-week period.

Honor Roll

The Honor Roll is determined every quarter using the following criteria:

- Honors with Distinction: A 4.0 or higher GPA with no letter grade lower than a B+
- High Honors: A GPA range from 3.67 to 3.99 with no letter grade lower than a C+
- Honors: A GPA range from 3.0 to 3.66 with no letter grade lower than a C

Incomplete Grades

Except in extraordinary circumstances, there will be no final grade of Incomplete authorized. Where such a grade (a final incomplete) is authorized—the teacher, chairperson, and the principal will agree that a final grade of incomplete will be entered on your permanent record until such a time that a specified amount of work is made up. This particular procedure would be a rarity.

If your work is incomplete for any particular marking period you will have, at the discretion of your teacher, a maximum of three weeks*, with the exception of Physical Education/Health into the subsequent marking period to make up missed work. Failure to make up the required work authorizes the teacher to change the incomplete to the appropriate grade depending on the nature of the requirement and the nature of the course. In any event, a grade for the marking period will be entered at the completion of the allowed time following the close of an incomplete marking period.

The decision as to whether failure to make up an incomplete within the allotted time results in a grade of F for the marking period or whether it results simply in a closing of what otherwise is a passing grade is a matter of teacher discretion, fairness, and equity.

Under no circumstances should an incomplete for a marking period be carried beyond the three-week limit except in exceptional cases of extended illness or other personal or family problems.

*Fourth marking period incompletes must be resolved by June 30th of the current year.

Makeup Work

If students have verifiable legitimate reason for being absent, students have the right to a reasonable time to make up missing work. Students also have an obligation and responsibility to contact their teacher to find out what work was missed and determine when the work is to be made up. Missed work as a result of unverified absences “cuts” or unverified tardiness will be averaged as zeros.

Midyear and Final Examinations

In January and June, the school runs a special schedule of shortened days to offer midyear and final examinations. The school calendar lists the specific dates and times well in advance. Students and parents should be aware that if a student has no scheduled examinations on a particular day, the student should not come to school. Students have the option to attend school during open exam periods for quiet study in the commons or Library Learning Commons. Transportation will be provided prior to the first exam of the day and after the last exam of the day. Additional transportation is not provided.

Class Standing on Transcripts

The Trumbull High School-school profile includes a chart showing the distribution of GPAs for the entire class. This type of distribution chart is used widely in high schools throughout the country as a preferred method of reporting class standing. This standard reporting practice has a beneficial impact on how colleges review our students. Colleges will assess each student more carefully based on each student’s transcript details. With this distribution chart, colleges can use the data to note a student’s approximate standing within the class, without the exact rankings that might trigger cutoffs. Trumbull High School will continue to identify the top two students for purposes of determining the valedictorian and salutatorian. The top 2% of students in the graduating class will receive special recognition during the graduation ceremony.

Wellness Education

Physical education and health are graduation requirements. Instructors will provide details about appropriate clothing to be worn in physical education classes. All students who participate in physical education class must remove all jewelry for safety purposes at the discretion of the teacher. Also, all students must bring a lock to school for their physical education locker and lock up all personal belongings before reporting to class.

Unable to Participate

If a student is unable to participate in a physical education class, he/she must present to the school principal or his/her designee a statement from a physician stating the reason for his/her inability to participate. Any student medically excused from physical education cannot participate in interscholastic athletics or other physically demanding extracurricular activities (e.g. marching band/color guard). A student receiving an exemption from such instruction will be required by the teacher to complete an alternative assignment, such alternative assignment designed to achieve, to the extent possible, the goals and objectives of the relevant curricular area (see TPS Policy 6144.1 for additional information). An exemption from instruction does not excuse a student from the total hours and credits required for graduation. A note from the physician stating that the student may return to physical education class must accompany the student upon his/her return to class.

Lack of Participation

Physical education is an activity-based curriculum requiring participation. If a student does not participate, he/she will lack the required time to earn a grade for credit. Lack of participation due to being unprepared, tardy, or skipping class will negatively impact a student's grade. All students, regardless of extracurricular activities are REQUIRED to participate in physical education class, including on game/event days. Failure to do so will affect a student's grade and his/her participation eligibility.

Advanced Placement (AP): Program and Expectations

AP courses are rigorous academic classes available to students who are interested in the opportunity to pursue challenging college-level classes. Trumbull High School is proud to offer over 25 courses with AP Designation. Through these college-level courses and exams, students can earn college credit and/or advanced standing while also distinguishing themselves in the college admission process. AP courses can help students acquire the skills and habits necessary to be successful in post-secondary education

The College Board offers a series of examinations in each year to students who have enrolled in Advanced Placement course work. AP exams are given in May. **It is expected that students enrolled in an Advanced Placement course participate in the Advanced Placement exam.**

There is a fee for each examination taken. Students who require financial assistance should see their counselor and/or House Principal for additional information.

Exam Exemptions

Senior End-of-Course Exam Exemption Procedure (Non- AP Courses)

Seniors enrolled in **non-AP** courses are eligible for exemption from final exams based on the following criteria:

1. The student must maintain an A- average in semester courses. In full year courses, the student must maintain an A- average in Semester 2.
2. The student must maintain a B average during the last graded quarter of the course.
3. The student must earn a 1 or 2 each quarter as an effort grade.
4. The student must have no unverified absences (skipping/cuts).
5. Any student electing pass/fail must take the course final exam.

Please note, any senior who meets the aforementioned requirements may elect to take the final exam if they so desire.

Final Exam Exemption Procedure (AP Courses) - All Grade Levels

Final exam exemption for students enrolled in Advanced Placement courses.

1. Any student who registers and participates in the national Advanced Placement examination is exempt from the final exam in that course.
2. Any student who does not participate in the national Advanced Placement examination will take a course final exam aligned with the AP exam for the course.
3. For AP Courses that have final exams in the first semester, to be considered for final exam exemption, students must register for the national exam in the fall. Students who do not take the AP exam in May will have the AP designation removed from the course on the student transcript.

Please note, any student who meets the aforementioned requirements may elect to take the final exam if they so desire.

Early Graduation (TPS policy 6146.4)

*For all policies and most recent updates please visit our district website at
www.trumbullps.org/boe/policies*

Policy Statement

It is the policy of the Trumbull Board of Education to allow any student who wishes to graduate early from Trumbull High School to do so provided the following conditions have been met:

1. The student submits a written request to the principal at least one year in advance. With this request, the student submits a written statement explaining how he/she plans to fulfill the requirements for graduation and a written statement of approval signed by his/her parents.
2. The Graduation Evaluation Committee examines the student's request and bases its recommendation for approval or denial on the desirability of early graduation for that student with respect to his/her academic development, individual circumstance, and emotional as well as social maturity.
3. The student may earn equivalent credit toward graduation by taking high school courses in the Trumbull Board of Education Summer School or in summer schools operated by other public school systems or private schools. He/she may also earn credit through college courses. The principal must approve all such courses in advance if they are to be eligible for credit. The

principal, with the advice and counsel of the Graduation Evaluation Committee, will decide whether credit is to be accepted for such courses

Grade Advancement and Retention

Placement in grade denotes a student's homeroom assignment as well as his/her eligibility for corresponding privileges and events. This placement is a result of credit accumulation and progress towards our graduation requirements, listed in the student handbook and the program of studies. Students are responsible for fulfilling all graduation requirements, which is a higher standard than grade advancement. Meeting grade advancement requirements is necessary for promotion between grades, but does not ensure that a student has fulfilled all of the graduation requirements.

A 9th grader is a student who:

- has been promoted from Grade 8.
- is a member of a 9th grade homeroom/advisory and may participate in freshman class activities.

A 10th grader, is a student who:

- has earned 4 credits* (Students in Class of 2023- 5 credits)
- has earned at least one humanities credit
- has earned at least one STEM credit
- is a member of a 10th grade homeroom/advisory and may participate in sophomore class activities.

An 11th grader, is a student who:

- has earned 10 credits* (Students in Class of 2023- 12 credits)
- has earned at least three humanities credits
- has earned at least three STEM credits
- is a member of an 11th grade homeroom/advisory and may participate in junior class activities.

A 12th grader, is a student who:

- has earned 15 credits* (Students in Class of 2023 -18 credits)
- has earned at least four humanities credits
- has earned at least four STEM credits
- is a member of a 12th grade homeroom/advisory and may participate in senior class activities.

The determination for grade placement will be made in June of each school year. Parents and students will be notified by letter if a student must be retained in a grade. If a student completes summer work in summer school grade placement may be revisited in August.

For any questions regarding grade advancement, credits, or programing please contact your school counselor or House Principal

Summer School Eligibility

Summer makeup courses may be offered to students who have not successfully passed a semester of learning. Please contact your school counselor with questions.

If a student has failed a semester of a course, the student must have a passing grade in at least one marking period for the semester OR a semester grade greater than 50%.

If a student has lost credit in a course due to attendance (per BOE policy 5113), the student will need to repeat the course in the following semester or school year in order to obtain credit in that course.

If the student has both lost credit due to attendance and does not have a passing grade, the student is not eligible for summer school and will need to repeat the course.

Withdrawal Procedures From Trumbull High School

If you decide to withdraw from school, you must complete withdrawal forms available in your house school counseling office and you must obtain all necessary signatures. All books, materials, athletic and other equipment lent by the school must be returned and/or paid for. If a student is enrolled in an UCONN/ECE course, they must additionally withdraw from the course through UCONN.

Academic Center (B19)

Trumbull High School Specialists engage with students of all ability levels to ensure that they have the opportunity and resources available in order to reach their individual learning potentials.

Mrs. Vanessa Brittain – Math Intervention Specialist

Mrs. Jami Brown – Reading Intervention Specialist

The Academic Learning Center, located in room B-19, provides small-group and one-on-one support for math and reading. Teachers and school counselors refer students to the appropriate specialists when they need intervention, reinforcement with a particular skill, or extra support in their academic classes. Students can drop in for help on current content, and short-term or long-term assignments.

Early Intervention Team (EIT)

Recognizing that our students are unique individuals, The Trumbull High School faculty believes it is in the best interest of our students to offer each student the support, encouragement, and strategies they need in order to achieve success. In order to achieve this goal, the Early Intervention Program, designed to provide specific assistance to those students who are struggling with academics or who are experiencing difficulty with behavior, will be convened to assist students in need.

Each house office has an Early Intervention Team comprised of school counselors, house principal, a teacher representative, school nurse, school psychologist, and school social worker. The EIT monitors student progress and may develop a plan to address specific instructional or behavioral needs to help a student achieve success. Each specific plan will be reviewed and student progress will be monitored to ensure that the program is working.

Library Learning Commons

The Library Learning Commons is the learning hub of Trumbull High School, providing a space where all learners can access support for their academic classes and personal growth. Students can gather to create, collaborate or work individually. Students needing help with reading, writing, and research can stop in or make an appointment with one of the specialists. Support includes conferencing on all aspects of the writing process, identifying resources for research topics, reading in the content areas, reinforcing mathematical concepts, homework help, technology, and more.

The materials of the Library Learning Commons offer a wide range of topics to satisfy both individual interests and curriculum demands. The center provides the opportunity for you to learn at your own pace through the use of various kinds of materials, such as books, magazines, newspapers, DVDs, as well as various electronic resources.

Library staff members facilitate a collaborative environment where activities, materials, services, and programs support and reinforce the primary objectives of inquiry and personal learning. Their philosophy is to have a creative, innovative space to help students help themselves.

Ms. Allison DelBene – Math Specialist
Mrs. Felicia Holohan – Reading Specialist
Mr. Dean Pelligra – Library Media Specialist
Mrs. Sue McKenna – Library Media Specialist
Mrs. Sara Scrofani –Technology Integration Specialist

Using the Library Learning Commons

The Library Learning Commons is an area for independent research, selection of books and materials, use of computers under supervision, and other associated activities. Quiet collaborative projects are encouraged but the area is intended for academic engagement rather than solely socializing. The use of the Learning Commons is a privilege, not a right. Any student causing a disruption may lose privileges for an extended period of time based on the severity of the infraction.

Learners are expected to:

- Arrive with a pass from a Study Hall or from lunch
- Focus on learning
- Not eat or drink
- Remain for the entire period, if coming from study hall
- Behave appropriately and use appropriate language

Circulation of Resources

- Books can be checked out for a 30 day period and may be renewed
- Overdue books carry a fine of five cents a day per item
- Electronic devices (i.e. calculators, cameras, laptop computers) may be checked out for the use for the school day only
- Electronic devices not turned in by the end of the day carry a fine of \$1 a day per item
- Lost or damaged materials are considered a student obligation and must be paid for by the student or parent/guardian.

Student Support Services

Student Support Services (School Psychologists, School Social Workers and the Intervention Specialist) address a multitude of issues that may interfere with a student's learning. In doing so, Student Support Services (SSS) combine professional knowledge of adolescent behavior, special needs, program planning and evaluation, community resources, behavior management strategies, expertise in school-based assessment. The purpose also serves to acknowledge the challenges to learning that students experience from home and to ensure Trumbull High fulfills its mission of educating all students.

SSS are the critical component to enabling an effective educational experience. Since SSS are not necessarily confined to the classroom, program or part of the building, SSS staff provides an important school wide problem-solving component consistent with the philosophy of early intervention. As a result, SSS work collaboratively to reduce the individual and environmental barriers to learning and student achievement.

The Trumbull High School Peer Mediation program promotes a positive school environment where students are able to problem solve their differences assisted by a trained peer acting as a neutral third party. Some of the disputes include relationship conflicts, rumors, misunderstandings, teasing, fighting, personal property issues and the ending of a relationship. Students (and parents) are encouraged to access mediation <http://trumbullhightech.wix.com/peermediation> or contact the program advisors: Bill Mecca and Dennis McLaughlin.

Cafeteria/Commons/Senior Lounge

You are expected to help keep the cafeteria/commons/senior lounge clean. Please dispose of waste material as soon as possible after eating. Numerous trash cans are always available throughout the area. All food and beverages should be consumed in the cafeteria and not carried out to any other part of the building. In order to ensure enjoyable pleasant dining for all, you should conform to standards of eating etiquette that would be proper in any restaurant setting.

These standards include sitting on chairs and not on tables, waiting courteously in food lines, not throwing food, and avoiding excessive shouting or noise making.

School Store

Located in the Learning Commons hallway the student-run school store is an extension of the Marketing education course. Open during certain publicized hours of the school day, the store sells a variety of items for your everyday school needs including pens, pencils, paper, and notebooks. In addition, the store sells healthy snack items, water, and spirit wear.

Lockers

At the beginning of the school year, combinations for assigned lockers are listed on the IC portal. During the year, homeroom teachers and house office staff have a record of this combination. If a lock is broken, see the A-House secretary to report the repair. The high school does assume responsibility for articles taken from lockers. Sharing of lockers is not permitted.

- Students are responsible for keeping your locker orderly and sanitary during the school year, and removal of all contents at the end of the year.
- Although a locker may be assigned to students, the locker remains the property of the Trumbull School System. Locker may be opened by school authorities if there is responsible suspicion that it might contain contraband, dangerous materials or implements. Every effort will be made, however, to ensure student privacy.

Gym Lockers

Students will use the lockers in the physical education area. Students **MUST** provide a lock to secure their belongings. The school is not responsible for the loss or theft of articles contained in these lockers. The school administration reserves the right to inspect lockers if there is reasonable suspicion. Sharing of lockers is not permitted.

Student Passes

If you should leave your class during class time, you are required to obtain and carry a hall pass. Hall monitors will check passes as you travel through the halls.

Study Halls

You will be assigned study halls during all periods in which you are taking no courses or have no scheduled activity. Since study halls are designed to provide an environment conducive to effective quiet study, bring books, magazines, or other study material. Students may ask the study hall teacher to access other school resources at this time (e.g. Learning Commons, Academic Center, Counseling Office). Attendance for study hall is mandatory. Disciplinary action will be taken if students are not in attendance.

Student Assemblies

Student assemblies are scheduled for your benefit. Designed to offer you important information, learning experiences, and/or entertainment, these programs cannot be successful without your cooperation. You should enter and exit the assembly area quickly and quietly. During the program, courtesy demands that you be quiet and conduct yourself with politeness and consideration towards others.

Field Trips

Field trips are an extension of the classroom, school rules, policies, and disciplinary actions apply while you are on a field trip. Individual student participation in a school-sponsored field trip will be a collaborative decision between teachers and administration. Parent(s)/guardian(s) is required to sign a permission slip for each off-campus trip. Students are responsible for all work missed while participating in a field trip. Any suspension or disciplinary issue can be a disqualifier for field trip attendance.

A medication administration form for prescription and non-prescription medications must be filled out by a physician and parent yearly. Epipens must be with the student during a field trip or student will not be allowed to participate. For additional information regarding Field Trips, *refer to TPS Policy 6153*

School Dances

School organizations and classes offer a number of dances which are open to Trumbull High School students and their guests (i.e. Harvest Ball, Prom, Ring Dance.) All other non-formal school-sponsored dances are for Trumbull High

School students only. Students must be in attendance at school on the day of the dance.

Once admitted to the dance, you cannot leave and then expect to be readmitted. Policies for the possession or use of drugs or alcohol are the same as those in effect during the regular school day. Violation of this policy will result in suspension and recommended expulsion. Students are expected to be courteous and to follow accepted rules for good behavior.

Use of Breathalyzers (TPS policy 5115)

For all policies and most recent updates please visit our district website at www.trumbullps.org/boe/policies

Per Trumbull Public Schools Policy 5115, breathalyzers will be used at school-sponsored dances and other selected events both on and off site.

Spectator Behavior At Competitive Events

Sportsmanship

Competition is a symbol of a great ideal: pursuing victory with honor. The values of millions of participants and spectators are directly influenced by the values conveyed by organized sports. Sports are therefore a major social force that shapes the quality and character of the American culture. At Trumbull High School we seek to establish a framework of principles and a common language of values that can be adopted and practiced widely by our community.

The essential elements of character-building and ethics in sports are embodied in the concept of sportsmanship and six core principles: trustworthiness, respect, responsibility, fairness, caring, and good citizenship.

Good sportsmanship is viewed by Trumbull High School as a commitment to fair play, ethical behavior and integrity. In perception and practice, sportsmanship is defined as those qualities that are characterized by generosity and genuine concern for others. The ideals of sportsmanship are critical and apply equally to all athletic disciplines. All individuals, regardless of their role, are expected to be aware of their influence on the behavior of others and will always model good sportsmanship.

Any spectator using or shouting inappropriate or abusive language will be removed from the activity and may be charged with disorderly conduct. The school will cooperate with enforcement personnel provided at these facilities that are hired to ensure spectator and player safety and enjoyment.

If groups of spectators shout profanities or use abusive language, an announcement will be made indicating that continued inappropriate behavior will result in a future game or games being closed to the public.

Any spectator committing an act that in any way could affect the safety of the players or other spectators will be removed from the facility and may be charged with disorderly conduct. This includes the Ice Rinks and contests played away from Trumbull High School. Paying the price of admission to an athletic event

does not warrant any act that is contrary to respectful behavior.

Remember to . . .

- accept the decisions of officials without question
- always reflect the good name of the school; ultimately the good name of the school will be more important than a win or loss
- support cheerleader's calls for cheers supporting the team
- be sympathetic to the injured of the other team
- be courteous to visiting teams, coaches, and spectators
- remind others of proper spectator behavior and good sportsmanship

Student Obligation List

At the end of the school year, teachers, librarians, and various departments of the school are directed to give the names of any students who have financial obligations. You have the obligation to return or replace school property before you leave Trumbull Public Schools, regardless of your grade level. Until obligations are met, senior students may be prohibited from participating in end-of-year class activities, up to, and including, the graduation ceremony.

Fire Drills

Each room in the school prominently displays an exit route, which you must follow in the event of a fire. Periodically, as prescribed by law, the school will have fire drills to simulate what should be done in the event of an actual fire. When the drill is completed, teachers will tell you when to return to the building. You should remain silent while leaving the building and then move in a straight line as far from the building as practical. You must remain in class groups and not stray between or enter automobiles in the parking area or block the road path.

Working Papers

The State of CT Department of Labor working papers are issued from the main office throughout the year. The student must be present in the office and provide proof of age on a legal document, such as a birth certificate, driver's license/permit, passport, or official school record. The student must also have a "Promise of Employment" letter from their future employer, on the employer's letterhead, stating job duties, hours of work, and rate of pay. A sample letter is available in the main office to bring to the employer. For more information from the CT Department of Labor, including rules and restrictions, go to www.ctdol.state.ct.us/wgwkstnd/minors/wgwrkpap.htm.

Driver Education

Classes are conducted throughout the school year as well as during the summer. The program consists of thirty hours of classroom instruction and eight hours of road training. Insurance companies will offer an appreciable discount upon completion. Students must be sixteen years of age to register. Registration forms are available in the main office or outside the door of the Driver Education Office (located in lower A Hallway). Any questions concerning the program should be directed to Mr. George Romano, Director, in the Driver Education Office, 452-4577.

Student Use and Possession of Smoking Products, Tobacco Products, Drugs, and Alcohol (TPS policy 5131.6)

For all policies and most recent updates please visit our district website at www.trumbullps.org/boe/policies

TPS Policy 5131.6 indicates the prohibition of the use and/or possession of all smoking products, tobacco products, drugs, and alcohol in all facilities operated by the Board of Education, on school grounds when school is in session or during any activity sponsored by the Board of Education, on transportation vehicles under the jurisdiction of the Board of Education, and during any school-sponsored activity. The use and/or possession of electronic nicotine delivery systems and vapor products is also prohibited.

Sale/Distribution of Drug / Weapons Offenses

Students and parents are hereby notified that pursuant to State law, students who offer a controlled substance for sale or distribution either on or off school grounds, students who are found in possession of a firearm, deadly weapon or dangerous instrument on school grounds or at a school-sponsored activity, and students who are found to have used a weapon in the commission of a crime either on or off school grounds must be brought before the Trumbull Board of Education or Hearing Officer for an expulsion hearing. If the student is found to have committed one of these offenses, the student will be expelled from school for one full calendar year, provided that the Board or Hearing Officer may modify the period of expulsion on a case-by-case basis. In addition, it is the policy and practice of the Administration of the Trumbull Public Schools to recommend the immediate expulsion of any student found in possession of and/or using a controlled substance on school grounds or at a school-sponsored activity, including transportation.

Off Campus Misconduct

Students and parents are hereby notified that in addition to the offenses listed above under SALE/DISTRIBUTION OF DRUGS/WEAPONS OFFENSES for which students must be expelled from school, students may also be expelled from school if their conduct off school grounds violates a publicized policy of the Trumbull Board of Education and is seriously disruptive of the educational process.

In deciding whether a student's conduct is seriously disruptive of the educational

process, the Administration of the Trumbull Public Schools may consider, among other appropriate factors: (1) whether the conduct occurred within close proximity of a school; (2) whether other students were involved or whether there was any gang involvement; (3) whether the conduct involved violence, threats of violence, or the unlawful use of a weapon, and whether any injuries occurred; and (4) whether the conduct involved the use of alcohol or drugs.

Expulsion proceedings will be initiated with respect to any student whose conduct off school grounds both violates a policy of the Trumbull Board of Education and which demonstrates a reasonable likelihood of seriously disrupting the educational process of other students in the Trumbull Public Schools. Off campus behavior will result in consideration of discipline includes, but is not limited to, misconduct involving drugs or narcotics, weapons, and violence or disruptive conduct among the student body whether on or off school grounds, will not be tolerated. Violent or disruptive conduct among the student body, whether on or off school grounds, will not be tolerated.

Detention, Saturday Morning Detention, and ISS

Administrators and the Associate Dean may assign after school or Saturday morning detention, as well as ISS (In School Support) to students who warrant such disciplinary action. When assigned, the student will be told when and where to report and it is the student's responsibility to report as directed. Extracurricular activities are not considered an excuse to miss detention.

Discipline of Students with Disabilities

Students identified as having disabilities under either the Individuals with Disabilities Education Act ("IDEA") or Section 504 of the Rehabilitation Act may be suspended from school or assigned to in-school suspension for up to ten (10) days in any given school year under the same conditions that would lead to the suspension of any other student of the Trumbull Public Schools.

If the Administration proposes disciplinary action which would lead to the exclusion of a student with a disability for more than ten (10) days in any given school year, including further suspensions or expulsion, the school must convene a meeting of the student's IEP/504 team to determine whether the student's conduct was a manifestation of his or her disability before imposing such disciplinary action. Students with disabilities and parents of students with disabilities should consult the Procedural Safeguards in Special Education/Section 504 given to parents at every IEP/504 team meeting or the Office of Pupil Services for more details on this process.

Academic Integrity Agreement

Advisory teachers will review the agreement regarding Academic Integrity with all students. Students sign the Student Handbook sign off sheet indicating that they know and understand what is considered plagiarism and cheating, and the consequences of these violations. You are agreeing to the following:

"I have read and understand the Trumbull High School policy on plagiarism and cheating. I understand that if I am caught cheating on an assignment or

plagiarizing any part of an assignment I should expect a grade of zero for the assignment and may face additional disciplinary action at the discretion of the teacher and/or administrator. It is my responsibility to consult with my teachers regarding any questions I may have regarding what is or what is not cheating or plagiarism. I understand that this policy covers all my years at Trumbull High School and that offenses carry over and accumulate from one year to the next.”

When cheating or plagiarism is identified in the school community by the instructor, the “Plagiarism and Cheating Report” is completed by the instructor and sent to the appropriate House Principal. A collaborative approach with all House Principals then occurs regarding potential consequences to ensure consistency among the houses. All materials must be attached to the form to provide evidence of the infraction. A call will be made by the instructor to the parent informing him/her of the incident and referral to the House Principal. The House Principal will then meet with the student to discuss the incident, as well as to review the policy and subsequent consequences. If it should occur in the future, the administrator will determine whether to impose any disciplinary action. Communication from the House Principal to the parent will confirm the meeting. The Plagiarism and Cheating Report will be kept in the student’s file until graduation.

Consequences could include but are not limited to a zero for the assignment and other punitive measures.

Science Safety Contract

Safety in the science classroom is the #1 priority for students, teachers, and parents. Therefore, all students who enroll in a lab-based science class at Trumbull High School will be required to complete and abide by the Flinn Scientific’s Student Safety Contract. Please see any science teacher for more information regarding this contract.

Technology Education Safety Contract

Safety is of the utmost importance in all the Technology Education classrooms. Therefore, students are required to take a general safety quiz for each Technology Education class they take, along with machine/equipment specific safety quizzes on any piece of equipment used in the rooms. Each quiz will need to be passed with a grade of 100% in order for the student to be allowed to use the machine.

Eligibility Requirements for Participation in Interscholastic Athletics and Extracurricular Activities

Board of Education policy 5150 (Interscholastic Athletics) details regulations related to interscholastic athletics: eligibility, try-outs, disqualifications and penalties, travel, awards system, and additional rules and procedures. This is maintained on the district website at: www.trumbullps.org/boe/policies

Clubs, Activities, and Academic Teams

In addition to a wide range of course offerings, Trumbull High School offers numerous clubs and activities for your participation. These activities meet after school with a faculty or staff advisor. It is a fact that colleges and universities look favorably on applicants who have participated in co-curricular activities and you are encouraged to take part in those that are of interest to you. Clubs and advisors are listed on the following pages. Announcements will be made when these activities are to begin for the year. If you have questions you should see the appropriate advisor. NEW clubs may be established by requesting permission from the Dean of Students. Students must present an advisor, 10-15 interested students, and a written explanation for the need/purpose of the club. A presentation to the Dean of Students is mandatory. *The TPS district has the ability to alter this list at any time.*

For eligibility purposes, the end of the marking period shall be interpreted as the official date on which the school requires grades to be distributed to students or as the tenth (10th) school day following the closing of grades, whichever comes first. No unit for which the pupil has already received credit shall be included in those required by this rule.
2. A student is not eligible if he/she receives in any subject an effort grade of four (4), totally unsatisfactory, as is presently stated on a student's report card.

Disqualifications and Penalties

The school administration retains the right to enforce all rules and regulations and to render final decisions on all matters pertaining to student participation, eligibility, awards, and any other such matters as pertain to officers' activities or school discipline. The Honor Society member exhibits excellence in academics and leadership, honorable and admirable character, and demonstrates a commitment to service—all of which indicate that the member is willing to use personal talents and skills for the improvement of both self and society.

Following the completion of their fifth semester, names of eleventh grade students who have earned a weighted 3.85 cumulative GPA, participated in three service activities, and served in at least one leadership position are submitted to the NHS Advisors, NHS Faculty Advisory Council and faculty for review.

Students who meet deadlines for submittal and the following requirements which include, an application, essay, teacher recommendations and NHS Faculty Advisory Council approval, will be invited to join the National Honor Society in the early spring of their junior year. The National Honor Society Induction ceremony will be held in May of their junior year. Students may begin to complete their required community service projects during the summer prior to their senior year. Students are required to complete 40 hours of community

service, 20 within the Trumbull community and 20 within Trumbull High School. Community service hours are due April 1st of their senior year.

All members are expected to maintain a 3.85 cumulative GPA, complete service projects, pay membership dues, participate in fundraising activities, attend NHS meetings and uphold the values of the National Honor Society which include character, leadership, scholarship and service. Failure to do so may result in probation and/or dismissal from the organization.

Student Representatives to the Board Of Education

To encourage participation of high school students on the Board of Education, the Trumbull Board of Education offers seats on the Board to two student representatives who will be in their junior or senior year during the time they serve.

These seats provide students with the opportunity to express their attitudes, opinions and ideas concerning the operation of schools and provide the Board with the opportunity to listen to student opinions on matters that directly affect students. The members of the Student Council elect the two representatives. These two members, after elected, should be present at student council meetings in order to properly communicate the students' voice to the Board. Listen for announcements for applications at the end of the school year.

Contests For Students

Trumbull High School will cooperate with community organizations and agencies desiring to sponsor contests in the school, but these contests must be consistent with the educational purposes and aims of the school. Contests will be limited to those which can be integrated into the school program without disruption or loss of instructional time for students. If you have any questions regarding the legitimacy of any advertised student competitions, please call the school office for information. All competitions which are offered through the school have been approved by the administration.

Student Petitions

The school administration must approve any petitions prior to its circulation. Once approved, students may circulate petitions for presentation to the school administration and student government. Signatures must be solicited before and after school. Petitions must be free of obscenities and not contain libelous statements.

Student Publications (TPS policy 5133)

*For this policy in its entirety, and most recent updates please visit
www.trumbullps.org/boe/policies*

The school administration will not normally place prior restraints on student publications, but students should be well aware that their right to publish is not unlimited. For example:

- a. Anything published in a student publication must not cause immediate

- substantial disruption and a material interference with school activities.
- b. Anything published in a school publication must not be defamatory, malicious, or improperly invade the privacy of others. Such libelous material will not be tolerated.
 - c. Under no conditions should a student publication use obscene statements.
 - d. Responsible journalism makes accuracy of reportage mandatory.

Non-School Sponsored Publications (TPS policy 6145.3)

*For this policy in its entirety, and most recent updates please visit
www.trumbullps.org/boe/policies*

Non-school-sponsored newspapers and other publications including, student petitions, are subject to the same responsibilities as those for other student publications. Student must gain administrative approval in order to distribute any non-school-sponsored publications. If approved, distribution must only take place before and after school hours.

Students' Rights and Responsibilities

Student Conduct

Your behavior should promote a productive environment and show respect for all other members of the school. Aimless wandering throughout the building, loitering, and unnecessary noise will interfere with academic progress. Food or beverages are not allowed in classrooms. Students are not permitted to leave school grounds without approval from an administrator and permission from a parent/guardian. No gambling/games of chance or any cards/games associated with gambling/games of chance are allowed. In the halls, you should be careful to avoid pushing, running, and creating loud noise. Students are also reminded that the use of vulgar language and/or gestures is inappropriate and may result in disciplinary action.

Any student accused of violating disciplinary guidelines is entitled to a hearing with a school administrator prior to any disciplinary action.

The procedure to be used depends upon the seriousness of the infraction, the specific circumstances of the situation and the individual's overall pattern of behavior. Possession, use, or distribution of alcohol or other drugs; false fire alarms; assaults; and other major disruptions are serious infractions. A series of minor infractions committed by the same student can also constitute a major infraction. This is proper since the student who repeatedly commits infractions has a demoralizing effect on the general student body and staff. In addition to the usual procedures, criminal infractions must also be reported by the school administrators to the police and other officials.

The following are examples of your rights and your responsibilities as a student and member of Trumbull High School:

- You have a right to a free public secondary school education guaranteed by the Connecticut Constitution. You should be provided an equal educational opportunity.
- You have the responsibility to attend classes and to comply with the educational rules and policies of the school.
- You have a constitutional right to free speech.
- You have the responsibility not to disrupt the educational process, not to coerce others to participate in a particular type of expression, not to violate the rights of other students who disagree with your views, and not to slander someone (malicious speech without regard to truth). A student's freedom is not absolute and may be regulated when the student abuses his or her responsibilities.
- The school has the authority to develop standards for dress and grooming in order to avoid substantial disruption of the educational process or to protect the health and safety of students, school personnel, or school property. You have a responsibility to abide by those standards (see dress code).
- Freedom of the press is guaranteed by the first amendment to the U.S. Constitution and by the Connecticut Constitution. Responsible student publications come under these protections.
- You and school officials have an obligation to maintain an atmosphere conducive to the educational process; thus the school administration may regulate the time, place, and manner of distributing written materials (see student publications).
- The fourth amendment to the U.S. Constitution protects individuals from unreasonable searches and seizures.
- You can be searched when a school administrator has reason to believe that you have on your person anything which might be illegal, dangerous, or disruptive to the school's learning.
- You have the responsibility not to bring illegal or dangerous materials into school. School officials have the responsibility to prohibit the entry of any material which may be disruptive to the school environment (see searches and seizures).
- You have a right to expect a clean and sanitary school facility.
- You have a responsibility to contribute towards keeping the school clean.
- If suspended, you are entitled to specific rights. For example, prior to your suspension, you will have an informal hearing (unless an emergency exists) and you will have the opportunity to complete classwork, including tests, missed during the period of suspension (see student removal).
- You have a responsibility to obey the publicized rules of the school. These rules have been designed to insure a safe environment conducive to learning. The school will not tolerate any denial of this responsibility.

Student Standard of Conduct (TPS policy 5131)

*For this policy in its entirety, and most recent updates please visit
www.trumbullps.org/boe/policies*

Policy Statement

The Trumbull Board of Education expects the highest standards of conduct from all its students at all times, whether in school, out of school, or at a school-sponsored activity. The District promotes an educational environment that is safe, healthy, and conducive to learning, allowing students to pursue opportunities for growth and achieve their full potential. Students, parents/guardians, and staff have the right to expect mutual courtesy, respect, fair and equitable treatment, and to be informed of their respective rights and responsibilities. These expectations emphasize that proper student behavior is obligatory and that conduct incompatible with the educational process is unacceptable.

Students who infringe on the rights of others, or who violate school policies and regulations, will be subject to corrective disciplinary action including, consistent with relevant state and federal statutes, removal from class, transfer to another class or school, suspension from school, and/or expulsion from school. The District is committed to upholding the use of mandatory expulsion proceedings where applicable under State law with respect to conduct committed on or off school grounds which has been identified by the Legislature of the State of Connecticut as incompatible with the educational process in our schools.

Whenever a disciplinary measure is employed, it shall be fair, reasonable, and consistent. No student shall be suspended, excluded, or otherwise disciplined on the basis of race, color, religious creed, religion, sex, age, national origin, ancestry, marital status, sexual orientation, gender identity or expression, disability (including but not limited to present or past history of mental disability, intellectual disability, learning disability, or physical disability, including but not limited to blindness), genetic information, or any other basis prohibited by Connecticut State and/or Federal non-discrimination laws.

In order to provide this positive school atmosphere and to implement effectively the standards of conduct contained in this policy, the cooperation and mutual support of every facet of the school community, including staff, students, parents and/or guardians, is essential.

Regulations

The Trumbull Board of Education recognizes that order in the classroom, school, and at school functions is a necessary prerequisite for learning. If students seriously disrupt the educational process, endanger themselves or others, or commit conduct which is incompatible with the educational process, on or off school grounds, it may become necessary to exclude them from the classroom and/or school setting.

I. Conduct Leading to Disciplinary Action

Students may be subject to disciplinary action including suspension or expulsion for conduct on or off school property, on school transportation, at bus stops, or at a school-sponsored activity that endangers persons or property, is seriously disruptive of the educational process, or that violates a policy of the Board of Education. Such conduct includes, but is not limited to, those behaviors found in the *Code of Conduct Disciplinary Chart*. This chart will be included in the Trumbull Public Schools Policy Handbook distributed to all families. It is virtually impossible to anticipate every type of infraction; therefore, the administration reserves the right to address any other infractions not specified in this policy.

II. Disciplinary Actions

Parents/guardians, staff, and students are hereby notified that the appropriate consequence will be determined on a case-by-case basis. Depending on the situation, the severity of the offense, the student's level of involvement in the offense, the student's prior record (for discipline and attendance), and the level of cooperation exhibited by the student at the time of the investigation, the consequence may vary within the Code of Conduct Disciplinary Chart.

The designated administrator will do preliminary fact finding to determine the nature and severity of the offense. An informal hearing will be conducted with the student reported for a violation of a policy of the Board of Education as well as with other students who have knowledge of the incident.

At the highschool level, situations requiring additional investigation and attention will involve the office of the Dean of Students.

A. Removal

A student may be removed from class if he/she causes a serious disruption of the educational process within the classroom, provided no student shall be removed from class more than six (6) times in any school year nor more than two (2) times in one week, unless such student is referred to the building principal or his/her designee. If the disruption is significant enough to require referral to the principal, an Early Intervention Team (EIT) meeting will be convened to seek ways to remedy the situation.

Each school shall designate a supervised area to which teachers shall send students who are removed from the classroom. The principal or his/her designee shall be notified immediately of the name of the student removed and the reason for the removal. The principal will determine if the parent/guardian needs to be contacted to assist with interventions to improve student behavior.

B. Suspension

1. A student may be assigned an in-school suspension if his/her conduct endangers persons or property, is seriously disruptive of the educational process, or violates a policy of the Board of Education. No student shall be placed in in-school suspension without an informal hearing before the principal or his/her designee.
2. A student may be assigned an out-of-school suspension if his/her conduct on school grounds or at a school-sponsored activity endangers persons or property, is seriously disruptive of the educational process, or violates a policy of the Board of Education. A student may also be assigned an out-of-school suspension if his/her conduct off school grounds violates a policy of the Board of Education and is seriously disruptive of the educational process. No student shall be placed in out-of-school suspension without an informal hearing before the principal or his/her designee.
3. All suspensions shall be in-school suspensions unless the administration determines, for any student enrolled in grades three through twelve, inclusive, that (a) the student being suspended poses such a danger to persons or property or such a disruption of the educational process that the

student shall be excluded from school during the period of suspension; or (b) that an out-of-school suspension is appropriate based on evidence of previous disciplinary problems that have led to suspensions or expulsion of the student and efforts by the administration to address such disciplinary problems through means other than out-of-school suspension or expulsion, including positive support strategies.

4. A student enrolled in grades preschool to two, inclusive, may be given an out-of-school suspension if it is determined by the administration that such a suspension is appropriate based on evidence that the student's conduct on school grounds is of a violent or sexual nature that endangers persons. In addition, a person's duty as a mandated reporter to report suspected child abuse, neglect, or sexual assault is not limited by this section.
5. A student may be suspended from transportation service and/or from school if his/her conduct while on the bus or awaiting transportation to and from school endangers persons or property or violates a policy of the Board of Education.
6. In determining the length of the suspension period, the administration may consider evidence of past disciplinary problems that have led to removal from a classroom, suspension, and/or expulsion of a student.
7. Whenever administration seeks to impose a suspension period on a student with a disability requiring special education or accommodations, the administrator shall determine the number of days of an in-school suspension or suspensions already imposed on said student during the school year, and to initiate compliance with State and Federal special education laws and regulations with respect to holding an Individualized Education Program (IEP) team or 504 team meeting if necessary.
8. Whenever a student is suspended, the principal or his/her designee shall notify the parent/guardian in a timely manner with the reasons which led to the student's suspension.
9. Whenever a student is suspended, the principal or his/her designee shall, within twenty-four hours, notify the Superintendent or his/her designee, in writing, of the name of the student and the reasons for disciplinary action.
10. Any student who is suspended shall be given a reasonable opportunity by the teacher to complete any class work including, but not limited to, quizzes, tests, or examinations that such student missed during the period of suspension.
11. Whenever a student is suspended, notice of the suspension and conduct for which the student was suspended shall be included on the student's cumulative education record, and shall be expunged only if the student graduates from high school. The Connecticut State Department of Education requires all in-school and out-of-school suspensions to be reported annually on the mandated ED166 form.

C. Expulsion

- A. An impartial hearing officer or an impartial hearing board, as provided by State Statute, may expel any student in grades three to twelve, inclusive,

whose conduct on school grounds endangers persons or property, is seriously disruptive to the educational process, or violates a policy of the Board of Education, or whose conduct off school grounds violates a policy of the Board of Education and is seriously disruptive to the educational process.

- B. In considering whether a student's conduct is seriously disruptive of the educational process, the administration may consider, but such consideration shall not be limited to:
- a. an incident occurring within close proximity of a school;
 - b. an incident that was premeditated;
 - c. involvement of a gang member or any student(s) acting in concert with other students;
 - d. conduct involving violence, threats of violence, the unlawful use of a weapon, or any injuries;
 - e. conduct involving the use of alcohol or drugs;
 - f. conduct involving bullying.
- C. Expulsion proceedings shall be required, except as provided in Regulation #10 below, whenever there is reason to believe that any student in grades preschool through grade twelve, inclusive:
- a. on school grounds or at a school-sponsored activity was in possession of a firearm, deadly weapon, dangerous instrument, or martial arts weapon; or
 - b. off school grounds, unlawfully possessed a firearm, or possessed and used a firearm, deadly weapon, dangerous instrument or martial arts weapon in the commission of a crime; or
 - c. on or off school grounds, offered for sale or distribution of a controlled substance whose manufacture, distribution, sale, prescription, dispensing, transporting with intent to sell or dispense, offering, or administering is subject to criminal penalties under applicable laws of the State of Connecticut.

Any student in grades preschool through grade twelve, inclusive, found by an impartial hearing officer or an impartial hearing board, as provided by State Statute, to have committed such conduct shall be expelled for one calendar year. An impartial hearing officer or an impartial hearing board, as provided by State Statute, may modify the period of expulsion for a student on a case-by-case basis.

Unless an emergency exists, no student shall be expelled without a formal hearing conducted by an impartial hearing officer or an impartial hearing board as provided by State Statute. If such emergency exists, such a hearing shall be held as soon after the expulsion as possible. The Superintendent or his/her designee shall notify the parent/guardian of any student expelled within twenty-four hours of the decision.

- D. In determining the length of the expulsion and the nature of the alternative educational opportunity to be provided to the student during the period of any expulsion imposed, an impartial hearing officer or an impartial hearing board, as provided by State Statute, may consider evidence of past

disciplinary problems which have led to removal from a classroom, suspension or expulsion of the student.

- E. Any student under sixteen (16) years of age, and any student between the ages of sixteen (16) and eighteen (18) expelled for the first time, shall be offered an alternative educational opportunity during any period of expulsion imposed. However, such an alternative educational opportunity shall not be required for any student between the ages of sixteen (16) and eighteen (18) who is expelled for conduct which endangers persons involving possession of a firearm, deadly weapon, dangerous instrument, or martial arts weapon on school grounds or at a school-sponsored activity, or by offering a controlled substance for sale or distribution on school grounds or at a school-sponsored activity.
- F. The alternative educational opportunity for any student over the age of sixteen (16) may include placement in an adult education program. Any student between the ages of sixteen (16) and eighteen (18) who has previously been expelled from school, and any student over the age of eighteen (18) at the time of expulsion may be offered an alternative educational opportunity at the sole discretion of the Superintendent or his/her designee.
- G. If a student is in possession or is expelled for possession of a firearm or deadly weapon on school grounds or at a school-sponsored activity, the principal or his/her designee shall report the violation to the Trumbull Police Department or other appropriate authority.
- H. If a student is found in possession of or is expelled for offering a controlled substance for sale or distribution on school grounds or at a school-sponsored activity, the principal or his/her designee shall report the violation to the Trumbull Police Department or other appropriate authority. The principal or his/her designee shall refer the student to an appropriate State or local agency for rehabilitation, intervention, or job training, or any combination thereof, and inform the agency of that referral.
- I. Whenever a student is expelled, notice of the expulsion and the conduct for which the student was expelled shall be included on the student's cumulative educational record, and, except for notice of an expulsion for possession of a firearm or deadly weapon, shall be expunged from the student's record if the student graduates from high school. The Connecticut State Department of Education requires all expulsions to be reported annually on the mandated ED166 form.
- J. Prior to conducting an expulsion hearing for a student requiring special education and related services, the student's Planning and Placement Team shall convene to determine whether misconduct was caused by the disability. If it is determined that the misconduct was caused by the disability, the student shall not be expelled. If it is determined that the misconduct was not caused by the disability, the expulsion hearing may proceed. Notwithstanding the provisions above relating to the provision of an alternative educational opportunity to students who are expelled from school, whenever a student requiring special education and related services is expelled, an alternative educational opportunity consistent with the student's

educational needs and applicable State and Federal laws shall be provided during the period of expulsion.

- K. Any expelled student may apply to the Superintendent of Schools or his/her designee for early readmission to school. The decision to grant or deny the student's request for readmission shall be at the sole discretion of the Superintendent of Schools or his/her designee, who may grant readmission conditioned on specified criteria.

III. Readmission of Student from a Residential Placement

An expelled student who has been placed in a juvenile detention center, the Connecticut Juvenile Training School, or any other residential placement, for one year or more, shall be permitted to return to the appropriate school setting within the District. Further, the District shall not expel the student for any additional time for the offense(s).

IV. Off-Campus Misconduct

Students and parents/guardians are hereby notified that, in addition to the offenses listed under Sale/Distribution of Drugs/Weapons Offenses for which students must be expelled from school, students may also be expelled from school if their conduct off school grounds both violates a policy of the Trumbull Board of Education and is seriously disruptive of the educational process.

In considering whether a student's conduct is seriously disruptive of the educational process, the administration may consider, but such consideration shall not be limited to, the following factors: (1) whether the incident occurred within close proximity of a school; (2) whether other students from the school were involved or whether there was any gang involvement; (3) whether the conduct involved violence, threats of violence, or the unlawful use of a weapon, as defined in Connecticut General Statutes, and whether any injuries occurred; and (4) whether the conduct involved the use of alcohol or drugs.

V. Discipline of Students with Disabilities

Students identified as having disabilities under either the Individuals with Disabilities Education Act ("IDEA") or §504 of the Rehabilitation Act may be suspended from school or assigned to in-school suspension for up to ten (10) days in any given school year under the same conditions that would lead to the suspension of any other student of the Trumbull Public Schools. If the Administration proposes disciplinary action which would lead to the exclusion of a student with a disability for more than ten (10) days in any given school year, including further suspensions or expulsion, the school must convene a meeting of the student's IEP team to determine whether the student's conduct was a manifestation of his/her disability before imposing such disciplinary action. Students with disabilities and parents/guardians of students with disabilities should consult the Procedural Safeguards in Special Education given to parents/guardians at every IEP team meeting or available from the Office of Pupil Personnel Services for more details on this process.

VI. Conduct Leading to Disciplinary Action

Students may be subject to disciplinary action including suspension or expulsion for conduct on or off school property, on school transportation, or at a school-sponsored activity that endangers persons or property, is seriously disruptive of the educational process, or that violates a policy of the Board of Education. Such conduct includes, but is not limited to the following:

1. Willfully striking or assaulting a student, a member of the school staff, or any other individual;
2. Theft, attempted theft, or possession of stolen goods;
3. Use of obscene or profane language or gestures directed towards a student or member of the school staff;
4. Commission of an act of discrimination or harassment towards any student or school staff member based on race, color, religious creed, religion, sex, age, national origin, ancestry, marital status, sexual orientation, gender identity or expression, disability (including but not limited to present or past history of mental disability, intellectual disability, learning disability, or physical disability, including but not limited to blindness), genetic information, or any other basis prohibited by Connecticut State and/or Federal non-discrimination laws;
5. Violation of smoking/tobacco product use, dress, or transportation regulations;
6. Deliberate refusal to obey an order or directive from a member of the school staff, or disruptive classroom behavior;

9. Blackmailing, threatening, or intimidating school staff or students;

Controlled substances, drugs and narcotics may include but are not limited to amphetamine-type, barbiturate-type, cannabis-type, cocaine-type, hallucinogenic, morphine-type, and other stimulant and depressant drugs, and in addition those substances known as Methaqualone. Unauthorized use or possession of such substances shall mean use or possession without a valid prescription.

15. Possession of paraphernalia used or designed to be used in the consumption, sale, or distribution of dangerous drugs or narcotics, as defined in sub-paragraph (14) above;
16. Willful destruction of real, personal or school property, such as cutting, defacing, or otherwise injuring property in any way;
17. Accumulation of minor offenses such as school and class tardiness, class or study hall cutting, or failure to attend detention;
18. Trespassing on school grounds while on out-of-school suspension or expulsion;
19. Falsely reporting an incident (such as “bomb threat” or “tampering with a fire alarm”) to schools or to police;
20. Repeated and/or intentional defiance of school rules and the valid authority of teachers, supervisors, or administrators;

Code of Conduct Disciplinary Chart

Preface

This policy provides only a summary of the rules governing student disciplinary procedures used in the Trumbull Public Schools, and is based upon the policies of the Trumbull Board of Education. The Code of Conduct Disciplinary Chart provides a clear, concise description of student offenses, penalties, and procedures for handling disciplinary problems. However, it is virtually impossible to anticipate every type of infraction. Therefore, the Administration reserves the right to address any other infractions not specified in this chart. All disciplinary actions need to reflect the Administration’s ability to use best practices and professional judgment under the recognized disciplinary administrative due process guidelines. A copy of the policies of the Trumbull Board of Education, including this policy, can be viewed at the office of the Superintendent of Schools, in the main office at each school and online at www.trumbullps.org. Students are held responsible for their actions and for compliance with both this policy and the policies of the Trumbull Board of Education.

In the Trumbull Public Schools, the following chart shall be used in determining the appropriate disciplinary consequence for a given violation of Board policy. Parents/guardians, staff, and students are hereby notified that the appropriate consequence will be determined on a case-by-case basis, and that, depending on the situation, the severity of the offense, the student’s level of involvement, the student’s prior record for discipline, academics, and attendance, and the level of cooperation exhibited by the student at the time of the investigation, the consequence may vary within these guidelines. The Administration and the Trumbull Board of Education reserve the right to impose disciplinary consequences up to and including expulsion, depending on the severity of the offense.

Repeat infractions or a course of conduct in any of the categories will result in more severe disciplinary action, including possible expulsion, which may include referral to school and community resources. Where appropriate, school counselors or other support staff will be actively involved in all cases. Chronic or particular offenses, in conjunction with administrative review of the student’s record, may cause a student to be referred to the Early Intervention Team, PPT/IEP Team, §504 Team, or a Student Assistance Team (SAT) for review of the student’s need for additional types of assistance and in extreme cases be recommended for expulsion from school.

For all policies and most recent updates please visit www.trumbullps.org/boe/policies

Policy Statement

The Trumbull Board of Education promotes non-discrimination and an environment free of harassment based upon an individual's race, color, religious creed, religion, sex, age, national origin, ancestry, marital status, sexual orientation, gender identity or expression, disability (including, but not limited to, present or past history of mental disability, intellectual disability, learning disability, or physical disability, including, but not limited to, blindness), genetic information, or any other basis prohibited by Connecticut State and/or Federal nondiscrimination laws in all of its programs. The Board provides equal access to the Boy Scouts, Girl Scouts, and other designated youth groups.

The Board accepts responsibility for achieving and maintaining the objective of equity among its students. Each student, at the time he/she becomes eligible for participation, will be advised of his/her rights to an equal opportunity to participate in the activities, programs, and courses of students offered in the Trumbull Public Schools without discrimination on account of race, color, religious creed, religion, sex, age, national origin, ancestry, marital status, sexual orientation, gender identity or expression, disability, genetic information, or any other basis prohibited by Connecticut State and/or Federal non-discrimination laws.

In addition, the Trumbull Board of Education and the Superintendent affirm their commitment to the following:

1. The promotion of positive attitudes that respect the diversity of our society through curriculum development.
2. The development and encouragement of respect among students and within the school community.
3. The use of curriculum to teach students and staff programs which emphasize developing positive attitudes towards relations with people of diverse backgrounds or capability.
4. The use of educational materials and consulting sources to continue to promote learning and appreciation of people's similarities and differences through Cultural Diversity Education.
5. The provision of equal rights and opportunities for students and staff in the school community and total school program of the schools.
6. The provision of an appropriate learning environment for students, which includes:
 - a. adequate instructional books, supplies, materials, equipment, staffing, facilities, and technology;
 - b. equitable allocation of resources among District schools; and
 - c. a safe school setting.

The Superintendent will be responsible for evaluating the policies and practices related to instruction and the provision of overall school programs and District activities to align with the goals of non-discrimination and anti-harassment and

may report his/her findings to the Board. The Superintendent will call upon the advice and counsel of members of the instructional staff and others to evaluate these instructional and school program policies and practices.

- The Superintendent will adopt regulations to accompany this policy and will appoint and make known the individuals to contact on issues concerning Section 504 of the Rehabilitation Act of 1974, Title VI, Title IX, and other civil rights or discrimination issues. The regulations shall contain student grievance procedures for the prompt and equitable resolution of student discrimination and/or harassment complaints.

The Superintendent will communicate to students, parents/guardians, and instructional personnel this policy and its attendant regulations.

Federal civil rights laws prohibit discrimination against an individual because he/she has opposed any discrimination act or practice or because that person has filed a charge, testified, assisted, or participated in any investigation, proceeding or hearing.

Regulations

The Trumbull Board of Education affirms the right of all students to be protected in the school environment from intimidation, discrimination, physical harm, and/or harassment based upon a student's race, color, religious creed, religion, sex, age, national origin, ancestry, marital status, sexual orientation, gender identity or expression, disability (including, but not limited to, present or past history of mental disability, intellectual disability, learning disability, or physical disability, including, but not limited to, blindness), genetic information, or any other basis prohibited by Connecticut State and/or Federal non-discrimination laws. If an indecent, vulgar,

or abusive epithet is directed to a student's race, color, religious creed, religion, sex, age, national origin, ancestry, marital status, sexual orientation, gender identity or expression, disability, genetic information, or any other basis

prohibited by Connecticut State and/or Federal non-discrimination laws, this shall be evidence that the victim was chosen because of that characteristic.

Incidents of discrimination/harassment involving students reported by students or their parents or otherwise observed by school or District personnel or administration will be addressed in accordance with the procedures contained herein.

I. Designation of Employees to Reply to Complaints of Discrimination

The Superintendent will designate individuals who will serve as civil rights coordinators for the District whose responsibilities will include oversight for the receipt, investigation, and resolution of complaints of discrimination/harassment. See Appendix of this Policy. The Superintendent will ensure that the name/title and contact information for all District civil rights coordinators, including a Title IX Coordinator and Section 504 Coordinator, is communicated annually to students and parents/guardians. This may occur through publication in District student handbooks and/or on District/school websites, as well as any other means deemed appropriate.

II. Complaint Resolution/Grievance Procedures

- A. Every staff member must promptly inform his/her building principal of any discrimination or harassment incident that comes to his/her attention and involves students as a target. The principal will report in writing any such incident to the appropriate civil rights coordinator for consideration of investigation and/or responsive action. Civil rights coordinators will promptly advise the Superintendent of such reports. A failure by a staff member to report an incident which comes to his/her attention may result in disciplinary action against that staff member.
- B. All complaints by student(s), parent(s), or other non-staff community members of discrimination or harassment involving student(s) as a target shall be made in writing to the appropriate civil rights coordinator, who will share it with the Superintendent for direction.
- C. All complaints received by civil rights coordinators shall be acknowledged in writing within three (3) business days. The complaint shall be investigated and the complainant informed in writing of findings and recommendations within twenty (20) business days of receipt. If dissatisfied with the results, a complainant may appeal in writing to the Board of Education within twenty (20) business days of receipt of the final written findings and recommendations. The Board will consider the appeal and meet with the complainant within fifteen (15) days of receipt of a written appeal for the purpose of resolving the grievance. The decision of the Board shall be rendered within three (3) days of the meeting and communicated in writing to the complainant and appropriate school administrators.
- D. Confidentiality of complaints will be maintained except to the extent necessary to investigate. Documentation generated in the course of investigation shall be confidential in accordance with applicable State and Federal laws including the Family Education Rights and Privacy (FERPA) and Board policy.

- E. Counseling will be considered at all levels for involved students. If and when deemed appropriate, interim action may be taken to protect targeted student(s) and/or to prevent further harassment. When appropriate, disciplinary action may be taken against an offending student(s) in accordance with the student Standard of Conduct policy and other applicable Board policies. Offending student(s) may be disciplined even if discrimination or discriminatory harassment is not found to have occurred if the conduct otherwise violates Board policy, or disrupts the educational process or poses a danger to self or others. In determining responsive action, consideration may be given to the age of the students involved, their stages of development, and all attending circumstances, including the severity of the conduct, the repetitiveness of conduct, and any previous warnings given to offending students.
- F. At any time a complainant may, if desired or if dissatisfied with action taken at the local level, report the grievance directly to the United States Office of Civil Rights.

III. Selection of Instructional Materials

Selection of instructional material shall conform to Board Policy and keep in mind the District's commitment to promoting equity and diversity in its schools.

High School Attendance Policy (TPS policy 5113)

*For this policy in its entirety, and most recent updates please visit
www.trumbullps.org/boe/policies*

It is the responsibility of the parent/guardian to monitor his/her child's attendance via the District parent portal at www.trumbullps.org, student report card, and/or contacting the student's House Office.

It is the responsibility of the parent/guardian to report his/her child's absence to the school each day by calling the student's House Office between 7:30 a.m. – 9:30 a.m. and speaking with school staff directly or leaving a message on voicemail. A note must also be brought to the House Office by the student upon his/her return. Notes must be both written and signed by a parent/guardian and submitted to the student's House Office within one school day after the student has returned from his/her absence. Notes must include the student's name, date(s) of absence, and reason for the absence along with a daytime phone number where a parent/guardian can be reached for verification. In addition, parents/guardians are encouraged to submit official verification of any activity for which verification is required in order for said activity not to count toward the student's absence bank.

Absence Bank and Loss of Credit

For each course, students will have an absence bank, consisting of both excused/verified and unexcused/unverified absences, which is a set number of absences before credit is lost in the course.

For all courses, credit will be awarded on a semester basis.

- For a course meeting one period every day for the entire semester, students will lose 0.5 credit for the semester upon reaching 10 absences in the absence bank.
- For a lab science course, students will lose 0.625 credit for the semester upon reaching 10 absences in the absence bank.
- For a course meeting two periods every day for the entire semester, students will lose 1.0 credit for the semester upon reaching 10 absences in the absence bank.
- For a course meeting one period three out of every four days for the entire semester, students will lose 0.375 credit for the semester upon reaching 8 absences in the absence bank.
- For a course meeting one period two out of every four days for the entire semester, students will lose 0.25 credit for the semester upon reaching 5 absences in the absence bank.
- For a course meeting one period one out of every four days for the entire semester, students will lose 0.125 credit for the semester upon reaching 4 absences in the absence bank.
- For a course meeting one period every day for an entire marking period, students will lose 0.25 credit for the semester upon reaching 5 absences in the absence bank.

A student who loses credit for a particular course due to excessive absences will not be eligible to retake said course in summer school.

1. Exclusions from Absence Bank Calculations

School-related activities do not count towards the absence bank limit. These include:

- bus failure confirmed by the transportation provider;
- approved field trips, including curricular, cocurricular, and extracurricular trips, as well as athletic and other school-sponsored events;
- extraordinary educational opportunities pre-approved by District administrators in accordance with the Connecticut State Department of Education guidelines (see Section IV below)
- meetings with school personnel such as a school nurse, the student's school counselor, the student's case manager, etc.; and
- suspension or expulsion from school.

Certain other activities also do not count towards the absence bank limit provided that official verification is provided to the school. These include:

- college visitations, up to two per year, for 11th and 12th graders (documentation from the college required);
- mandated court appearances (documentation from the court clerk or attorney required);
- death in family (documentation verifying relationship required);
- student illness requiring absence (documentation from treating health care professional required), not including non-illness-related appointments with health care professionals that can be made outside regular school hours; and
- religious observance (documentation of religious observance required)

A student will be exempt from the absence bank provisions of this policy if it is so noted on the student's IEP, Section 504, or Individualized Health Care Plan.

2. Excused/Verified Absences in the Absence Bank

Absences beyond those in section 1 above will be considered excused/verified provided that a parent/guardian note is presented to the House Office within the previously mentioned one-school-day timeframe.

Students with excused/verified absences from school or class will be given appropriate opportunity to make up class work they have missed in order to complete curriculum requirements. Failure on the part of the student to complete his/her responsibility in making up missed work will impact his/her grade

3. Unexcused/Unverified Absences in the Absence Bank

Absences beyond those in the section 1 above will be considered unexcused/unverified if a parent/guardian note is not presented to the House Office within the previously mentioned one-school-day timeframe. Class cuts will also count as unexcused/unverified absences. A class cut is defined as any time a student has reported to school but does not report to his/her designated class, and does not

have staff permission to be in any other location. Class cuts may not be excused/verified by a parent/guardian phone call or note. Class cuts are subject to disciplinary action as set forth in Board of Education Policy 5131, “Student Standard of Conduct.”

As a result of a class cut or an unexcused/unverified absence, a student will not earn credit for class work/assessments missed and will not be provided makeup privileges.

If unexcused/unverified absences, including class cuts, amount to more than 50% of a student’s total absences, he/she will not be eligible to retake said course in summer school.

Absences and Participation in Extracurricular Activities

Any student who has not reported to school or is not present for at least half of the scheduled school day is considered absent from school. Students who are considered absent from school will not be permitted to participate in any extracurricular activity (e.g., athletic practice, game, rehearsal, performance, etc.). Coaches and advisors will monitor attendance to ensure compliance with this regulation. Exceptions to this policy will be considered by the Principal or his/her designee only upon receipt of a written request from the parent/guardian and will be handled on an individual basis.

Notification of Potential Loss of Credit

The parent/guardian will receive contact in writing from school staff upon a student’s crossing of each attendance threshold.

- For a course meeting one period every day for the entire semester, the parent/guardian will be notified upon the 4th absence, upon the 7th absence, and upon the 10th absence accumulated to the absence bank.
- For a lab science course, the parent/guardian will be notified upon the 4th absence, upon the 7th absence, and upon the 10th absence accumulated to the absence bank.
- For a course meeting two periods every day for the entire semester, the parent/guardian will be notified upon the 4th absence, upon the 7th absence, and upon the 10th absence accumulated to the absence bank.
- For a course meeting one period three out of every four days for the entire semester, the parent/guardian will be notified upon the 3rd absence, upon the 5th absence, and upon the 8th absence accumulated to the absence bank.
- For a course meeting one period two out of every four days for the entire semester, the parent/guardian will be notified upon the 2nd absence and upon the 5th absence accumulated to the absence bank.
- For a course meeting one period one out of every four days for the entire semester, the parent/guardian will be notified upon the 2nd absence and upon the 4th absence accumulated to the absence bank.
- For a course meeting one period every day for an entire marking period, the parent/guardian will be notified upon the 2nd absence and upon the 5th absence accumulated to the absence bank.

Appeals Procedure

Once a student loses credit in a course, he/she will have the opportunity to appeal the loss of credit through the submission of an appeals packet designed to provide evidence demonstrating that his/her excessive absences were necessary. Whatever is submitted at this time should be supplemental to any documents that were required as per the policy of reporting absences within a one-school-day time period after the student has returned from his/her absence. The completed appeals packet must be received no later than the last class day of the semester in which credit has been lost, unless otherwise notified.

There will be one non-House-specific Appeals Board for the school. The Appeals Board will have five members made up of two general education teachers, one special education teacher, a school counselor, and an administrator. This Appeals Board will review submitted documents, make a decision, and rule on cases. If class cuts (unexcused/unverified) amount to more than 50% of a student's total absences, he/she will automatically be disqualified for credit recovery. The Appeals Board will make its decision based on the data provided at the time the absences occurred and any pertinent supplemental documents. The Appeals Board will review pertinent student academic and attendance records maintained by the District before making a decision.

If at least three of the five Appeals Board members vote in favor of credit recovery, the student and parent/guardian will receive a phone call and a letter mailed to the home informing them of the Appeals Board's affirmative decision. If at least three of the five Appeals Board members vote against credit recovery, the student and parent/guardian will receive a phone call and a letter mailed to the home informing them of the Appeals Board's negative decision.

In rare cases of extenuating circumstances, an affirmative decision to grant credit recovery may be made by the student's House Principal after discussion with the THS Principal. The House Principal will document his/her decision in writing in a letter mailed to the home.

Truancy

Solely for determining truancy, in accordance with Connecticut General Statutes, "absence" means an excused absence, unexcused absence, or disciplinary absence, as those terms are defined by the Connecticut State Board of Education. For purposes of this definition, a student is considered to be "in attendance" if present at his/her assigned school, or an activity sponsored by the school (e.g., a field trip), for at least half of the school day

The Trumbull Board of Education recognizes the importance of early intervention for students exhibiting truancy behavior, and for that purpose distinguishes between "excused absences" and "unexcused absences" as follows:

A student's absence from school shall be considered "excused" if written documentation of the reason for the absence has been submitted within ten (10) school days of the student's return to school or in accordance with Section 10-210 of the Connecticut General Statutes and meets the following criteria:

- For absences one (1) through nine (9) in a school year, a student’s absences from school are considered excused when the student’s parent/guardian approves such absence and submits appropriate documentation;
- For the tenth (10th) absence and all absences thereafter in a school year, a student’s absences from school are considered excused for the following reasons: student illness if verified by an appropriately licensed medical professional; student’s observance of a religious holiday; death in the student’s family or other emergency beyond the control of the student’s family; mandated court appearance if supported by appropriate additional documentation; the lack of transportation that is normally provided by a district other than the one the student attends; or extraordinary educational opportunities pre-approved by District administrators in accordance with district policy.
- A student, age five to eighteen, inclusive, whose parent/guardian is an active duty member of the armed forces, as defined in Connecticut General Statutes § 27-103, and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat support posting, shall be granted ten days of excused absences in any school year. In the case of excused absences pursuant to this paragraph, such student and parent/guardian shall be responsible for obtaining assignments from the student’s teacher prior to any period of excused absence, and for ensuring that such assignments are completed by such student prior to his/her return to school from such period of excused absence.

A student’s absence from school shall be considered “unexcused” if it does not meet the criteria to be considered an “excused” absence and if it is not the result of school or District disciplinary action.

Based on the definitions above, a “truant” is a child age five to eighteen, inclusive, who has four (4) unexcused absences in one month, or ten (10) unexcused absences in one year.

Based on the definitions above, a “chronically absent” student is a child who has accumulated a total number of absences at any time during a school year that is equal to or greater than ten percent of the total number of days that such student has been enrolled at the school during the school year.

Tardy to School Procedure

You are expected to be in school at 7:27 a.m. each day. Period one teachers will warn you on your first or second tardy. Subsequent tardies can result in after school detention, Saturday morning detention and/or In School Suspension. You will also be marked as tardy to school, which becomes part of your permanent record.

SCHEDULE

7:25	Warning bell
7:27	Period 1 begins
8:17	Period 1 ends
8:17-8:21	Passing
8:21	Period 2 begins

In order to encourage punctuality, the following tardiness regulations are used..

- A. Any student who is tardy to period one and does not have a note from a parent/guardian must report to the designated area to receive a late pass. Students who are tardy to period 1 and DO have a note from a parent/guardian should report to their house office for a pass to class.
- B. Disciplinary measures for accumulated tardies to period 1 will result as follows:

On the 5th tardy	Student assigned an administration after school detention
On the 10th tardy	Student assigned an administration after school detention AND the school counselor will be notified
On the 15th tardy	Student assigned Saturday morning detention AND parents/guardians will be notified
On the 20th tardy	Student assigned Saturday morning detention AND parents/guardians will be notified and warned of further consequence
On the 25th tardy	Student will be assigned an In School Suspension with parent/guardian notification
For every 5 subsequent tardies	Student will be assigned an In School Suspension

- C. There will be NO RESET OF THE (tardy) NUMBERS at the beginning of the second semester. This is a tardy to school issue, not a tardy to class issue.
- D. Time Slot 1 Study Hall: Students in grades 11 and 12 with a Time slot 1 study hall may submit the form to have late arrival, which can be found in the House office. Students with late arrival may report directly to their period 2 class. Students excused from 1st time slot study hall must be on time for time slot 2 class.

Tardy to Class

Students are expected to be in your scheduled class when the bell rings to begin the period. Students are considered tardy to class when you arrive after the bell without a written excuse. Students who are tardy (both excused/verified and unexcused/unverified) and miss more than 20% (time) of a class will be marked as absent for the class. This absence will count towards the absence bank, and the excused/verified, unexcused/unverified designation will apply towards determining eligibility for making up work missed

Late Arrival and Early Dismissal

Students are expected to be in school on time and stay until the end of school at 2:25 p.m. If a student must leave before that time, he/she must have permission from your house principal. Students must bring proper notification from your parent/guardian (appropriate appointment notice and/or note) to the house office secretary by the morning of your request to receive a pass and sign out.

When students arrive late, leave school, and/or return to school for any reason, students must report to the House Office. The student will sign in or out and receive a pass from the House Office staff. The House Office will note the time on the student's pass back to class so it can be recorded properly.

If you become ill during the school day, you report to the school nurse who will then determine whether or not your parent/guardian should be called to arrange for your dismissal. Under no circumstances should you leave school without permission. Students who leave school grounds without permission are subject to disciplinary action.

If an early dismissal request is for an excused/verified absence from an instructional period or periods, the student must submit a written request from a parent/guardian to the House Office on or before the day of the request. If the note is not received, the absence will be considered a class cut or an unexcused/unverified absence.

Late Arrival/Early Release (Grades 11 and 12 only): Seniors and juniors with assigned study halls either Time Slot 1, 2, 7, or 8 will be excused from school with parental permission and completion of necessary documentation. This privilege may be revoked as a result of disciplinary action or academic need/failure. Forms for this privilege may be obtained in your house office. You must fill in the day, time slot, and class period. The form must be signed by both a parent/guardian and school counselor **each semester**.

Juniors and seniors requesting early release or late arrival from school should do so during course selection in the spring of the preceding year. Please keep in mind that requesting "Early Release" or "Late Arrival" is not a guarantee that it will be included on a student's final schedule. No Early Dismissal will be granted for underclassmen unless approved by administrative directive due to the unusual circumstances of the request.

It is a privilege to arrive late and leave early. If this privilege is abused or an academic or attendance issue arises, it will be revoked at the discretion of the House Principal and/or Dean of Students.

Academic Integrity Policy (TPS policy 5121)

*For this policy in its entirety, and most recent updates please visit
www.trumbullps.org/boe/policies*

The Academic Integrity Policy will be presented to first year students via their Advisory in the beginning of the school year. A follow-up lesson will be presented in Freshman Foundations to reinforce the importance of Academic Honesty.

Trumbull High School is dedicated to developing the academic potential of every student. We are committed to promoting ethical conduct appropriate to a responsible individual in a democratic community. Cheating and plagiarism are serious violations that undermine learning, hamper competence, and diminish ethical behavior. This conduct prohibits both teachers and students from knowing a student's true academic ability; furthermore, it erodes the trust that is so vital to any community.

Students are responsible for knowing what is considered acceptable behavior and what a transgression of academic honesty is. If in doubt, they should consult with their teachers. All assigned student work should be done individually, unless the teacher directs otherwise.

Cheating includes:

- Using any unauthorized aid during an exam or any teacher-given assessment;
- Giving or receiving answers during a test as well as securing answers from others;
- Accessing, without permission, a test before it is given;
- Using summaries or other aids to substitute for doing assigned reading (e.g. SparkNotes, Cliff Notes);
- Using a computer to translate text from one language to another and submitting it as your own translation;
- Taking credit for group work when you have not offered an appropriate share of the work;
- Exchanging assignments with other students;
- Turning in any assignment as your own when it is the work of others, wholly or in part, word-for-word or paraphrased;
- Giving another student work that will be copied, paraphrased, or used in any way to represent that student's work;
- Giving the impression that the notes of one student are your own;
- Maintaining knowledge of any cheating without notifying school officials.

Plagiarism is defined as “the act of representing the work, words, images, data, or ideas of others as your own without properly citing the source.”

Plagiarism includes:

- Copying or paraphrasing the words or ideas of others from the Internet, books, magazine articles, and other sources;
- Copying or paraphrasing the words or ideas of other students, parents, siblings, or other family members and friends;

- Copying or representing the academic work of others including any assignments as if they are your own;
- Submitting purchased papers as your own;
- Submitting your own work that you have done for one class as an original assignment for another class;
- Offering your work to others whether or not you believe it will or will not be copied.

Alternative to plagiarism and cheating:

Trumbull High School provides academic support to students in order to help them achieve success honestly and honorably. Students should seek out help and advice from these resources in order to avoid cheating or plagiarism. Resources include utilizing their teachers and the Library Media specialists, as well as using the program Turnitin.com. True student achievement is a product of the following:

1. Being prepared. Balance your workload, extracurricular, and co-curricular activities with your needs in your personal life in order to best meet your academic obligations.
2. Making every effort to fully understand the assignment and the assessment rubric used to evaluate that assignment. If you have a need for clarification, speak to your teacher. Do not rely solely on the information given to you by other classmates.
3. Gathering your own thoughts before writing a paper. Do not read someone else's paper before writing your own. If you do so, and then use any of the same ideas as that person, you will need to credit him or her for those ideas on your own paper.
4. Being aware of and using all avenues of support available to you. If you need help beyond the classroom, seek out your instructor, other department members, a peer tutor, or another adult with expertise in the subject matter.
5. Considering all assignments to be individual, unless the teacher states otherwise.
6. Being organized. Have your notes in an orderly and accessible format so as to make studying for tests or writing a paper easier.
7. Keeping current of all of your assignment. Do not fall behind in your reading, etc. The need to read an entire novel or chapter the evening before an exam will certainly affect your performance on that assignment.
8. Citing each person or source whose ideas or solutions to a problem you have used or paraphrased in an assignment.
9. Knowing what constitutes cheating and plagiarism so as to avoid an unfavorable situation.

Student Network/Internet Use (TPS policy 6141.321)

*For this policy in its entirety, and most recent updates please visit
www.trumbullps.org/boe/policies*

Policy Statement

The Trumbull Board of Education recognizes the educational value of technology and the benefit of its availability in the schools and, therefore, provides students access to interconnected computer systems within the District and to the Internet. This access will be contingent upon teacher supervision and prior classroom training. The purpose of this access is to promote the exchange of information to further education and research. With this educational opportunity comes the responsibility to protect the safety and welfare of the students. In order for the District to be able to continue to make this access available, all students must take responsibility for its appropriate and lawful use. Students must understand that one student's misuse of the network and Internet may jeopardize the availability of this resource.

All users and their parents/guardians are advised that access to the electronic network includes the potential for access to materials inappropriate for school-aged students. All reasonable efforts will be made to ensure that students are not accessing such material. These efforts will include filtering software and various methods of monitoring including, but not limited to, teacher supervision and electronic monitoring. While teachers and other staff will make reasonable efforts to supervise student use of this technology, they must have student and parent cooperation in exercising and promoting responsible use of this tool.

All students, without exception, will be required to have in place a signed Network/Internet Use Agreement before they are permitted access to the network/Internet. A new agreement will be required at the beginning of each level of school (elementary, middle, and high) or whenever a new student enters the system. Both the student and his/her parent/guardian must sign this agreement. If the student is 18 or older, a parent/guardian signature is not required.

The use of the network/Internet is a privilege, not a right. If any user violates this policy, access will be denied or withdrawn and the user may be subject to additional disciplinary action including, but not limited to, suspension and/or expulsion.
