

Trumbull Public Schools
Department of Pupil Personnel Services
Distance Learning Plan for Special Education and Related Services
March 18, 2020

The Trumbull Public Schools will begin using a Distance Learning format, for students with special education needs Prek-12 beginning Friday, March 20th. During these uncertain times, we will need to work together to provide a sense of community and consistency for our students and families regarding students with disabilities and their continued learning needs.

To that end, special education teachers and related services providers are working together to create online learning opportunities designed to meet students' IEP goals and objectives. **Special education teachers and related services staff will be available as follows: Middle and High School levels, 8:00am -2:30pm; TECEC and Elementary level, 8:30am - 3:00pm.** The following pages will provide recommendations for how special education and related services staff can continue to meet the needs of students and implement IEPs.

The following are recommended "Distance Learning Guidelines:"

- Special education teachers will work in conjunction with classroom teachers throughout the duration of the closure to determine additional modifications and adjustments to instruction, resources, and assessments.
- Special education teachers will provide alternative and/or additional online assessments, when appropriate and will monitor student progress.
- Related Services – (Speech/Language, Occupational Therapy, Physical Therapy, Social Work, Psychology, and BCBA support) – will provide weekly assignments, provide email support to parents and students, and direct instruction through video conferencing when appropriate and when possible.

Over the next week, administrators and school teams will develop a plan to remotely conduct Planning and Placement Team (PPT) meetings, including all annual review and triennial meetings. More information will be forthcoming.

Please keep in mind that it is likely there will be changes and adaptations to this plan as we begin implementation, particularly if this school closure extends for a longer duration. Working together, we can continue to provide instruction and support for our students receiving special education and related services. Please feel free to contact my office, your service providers or building administrators should you have questions. We continue to have your child's best interest at hand.

Sincerely,

Dr. Kim Hapken
Interim Director of Pupil Personnel Services
Trumbull Public Schools
(203) 452-4352

Ralph Iassogna
Superintendent of Schools
Trumbull Public Schools

Special Education Teachers

<p>TECEC</p>	<ul style="list-style-type: none"> ● Teachers will provide lessons/links for home-based learning activities for all students aligned with the Trumbull Public Schools Prekindergarten Curriculum, the State of Connecticut Early Learning and Development Standards(ELDS) and/or student IEP goals and objectives. ● Teachers will provide guidance to caregivers via phone and/or email a minimum of twice weekly, providing additional resources as needed. ● Teachers will be available via email for questions relating to student learning activities during the school day. ● Teachers will collaborate to identify appropriate learning activities for students.
