

Summer, 2020

Dear Parent(s)/Guardian(s) of Student entering Grade 4 or Grade 5:

Reading research has shown that reading just a few minutes a day significantly increases a child's reading ability. The suggestions on the next page are chosen to make reading an enjoyable part of your child's life. You can help make summer reading successful by taking a positive attitude and encouraging your child as he/she participates. Feel free to supplement these suggestions with books you and your child enjoy!

At the end of the summer, students should record their progress online; click here for the Google Form. Completion of the Google Form will also facilitate our District's participation in the Governor's Summer Reading Challenge.

In addition, please note the attached details on the First Selectman's Super Summer Reading Challenge!

Let's make this our most successful summer of reading ever!

Sincerely,

Terry Buckingham
