TO: All TPS Administrators
FROM: The Office of Teaching & Learning

The PDEC Committee is pleased to summarize the adjustments to the TPS Supervision, Evaluation, and Professional Learning Plan (TEVAL) for 2021-2022 school year. These adjustments, made possible by the CSDE through their *Flexibilities for Implementing the CT Educator Evaluation 2017 for the 2021-2022 School Year*, were endorsed this past June by the TPS Professional Development & Evaluation Committee (PDEC).

There are **three** adjustments this school year:

- (1) Goals and IAGD objectives for this year should focus on supporting the health, safety, and social and emotional well-being, of staff and students, ensuring equity for the most vulnerable of our students and their families, mastery-based learning, or developing systematic approaches to incorporating social and emotional practices and/or culturally responsive practices into the teaching and learning process. There should be at least two student learning goal and at least two indicators of accomplishment for each goal.
- (2) All tenured administrators will participate in two school site observations and two artifact reviews.

NOTES:

- There are no observation adjustments for non-tenured administrators. As usual, non-tenured administrators will have a minimum of **four school site observations** over the course of the year.
- **Summative ratings** will be in place this year for all administrators as stated in both Flexibilities Model 2021-2022 and the TPS Administrator Supervision, Evaluation, Professional Learning Plan.

As these adjustments were approved by our Board of Education just last week, your principal may review them in an upcoming faculty meeting. If you have any questions, please feel free to contact any member of our PDEC Committee or me.

Sincerely,

Susan C. Iwanicki, Ed.D.
