

Choose smart. Look for blue hearts.

Get the support you need.

Choosing a doctor is one of the most important health decisions you'll make. The UnitedHealth Premium program can help you find doctors who are right for you and your family.

Find quality, cost-efficient care.

Studies show that people who actively engage in their health care decisions have fewer hospitalizations, fewer emergency visits, higher utilization of preventive care and overall lower medical costs.

Take an active part in your health by seeking out and choosing providers with the help of the UnitedHealth Premium program.

The Premium designation makes it easier for you to find doctors who meet national standards for quality and local market benchmarks for cost efficiency.

Choose with confidence.

The UnitedHealth Premium program evaluates physicians in various specialties using evidence-based medicine and national standardized measures to help you locate quality and cost-efficient providers.

It's easier to find a UnitedHealth Premium Care Physician. Just go to [oxfordhealth.com](https://www.oxfordhealth.com) and select Members, which goes to a page that has "Find a Physician or Facility" listed under Links and Tools. Look for blue hearts.

If a doctor does not have a Premium designation, it does not mean he or she provides a lower standard of care. It could mean that the data available to us was not sufficient to include the doctor in the program. All doctors who are part of our network must meet our credentialing requirements (separate from the Premium program).
