STUDENT STANDARD OF CONDUCT

Policy Statement

The Trumbull Board of Education expects the highest standards of conduct from all its students at all times, whether in school, out of school, or at a school-sponsored activity. The District promotes an educational environment that is safe, healthy, and conducive to learning, allowing students to pursue opportunities for growth and achieve their full potential. Students, parents/guardians, and staff have the right to expect mutual courtesy, respect, fair and equitable treatment, and to be informed of their respective rights and responsibilities. These expectations emphasize that proper student behavior is obligatory and that conduct incompatible with the educational process is unacceptable.

Students who infringe on the rights of others, or who violate school policies and regulations, will be subject to corrective disciplinary action including, consistent with relevant state and federal statutes, removal from class, transfer to another class or school, suspension from school, and/or expulsion from school. The District is committed to upholding the use of mandatory expulsion proceedings where applicable under State law with respect to conduct committed on or off school grounds which has been identified by the Legislature of the State of Connecticut as incompatible with the educational process in our schools.

Whenever a disciplinary measure is employed, it shall be fair, reasonable, and consistent. No student shall be suspended, excluded, or otherwise disciplined on the basis of race, color, religious creed, religion, sex, age, national origin, ancestry, marital status, sexual orientation, gender identity or expression, disability (including but not limited to present or past history of mental disability, intellectual disability, learning disability, or physical disability, including but not limited to blindness), genetic information, or any other basis prohibited by Connecticut State and/or Federal non-discrimination laws.

In order to provide this positive school atmosphere and to implement effectively the standards of conduct contained in this policy, the cooperation and mutual support of every facet of the school community, including staff, students, parents and/or guardians, is essential.

Regulations

The Trumbull Board of Education recognizes that order in the classroom, school, and at school functions is a necessary prerequisite for learning. If students seriously disrupt the educational process, endanger themselves or others, or commit conduct which is incompatible with the educational process, on or off school grounds, it may become necessary to exclude them from the classroom and/or school setting.

I. Conduct Leading to Disciplinary Action

Students may be subject to disciplinary action including suspension or expulsion for conduct on or off school property, on school transportation, at bus stops, or at a school-sponsored activity that endangers persons or property, is seriously disruptive of the educational process, or that violates a policy of the Board of Education. Such conduct includes, but is not limited to, those behaviors found in the Code of Conduct Disciplinary Chart. (See Appendix.) This chart will be included in the Trumbull Public Schools Policy Handbook distributed to all families. It is virtually impossible to anticipate every type of infraction; therefore, the administration reserves the right to address any other infractions not specified in this policy.

II. Disciplinary Actions

Parents/guardians, staff, and students are hereby notified that the appropriate consequence will be determined on a case-by-case basis. Depending on the situation, the severity of the offense, the student's level of involvement in the offense, the student's prior record (for discipline and attendance), and the level of cooperation exhibited by the student at the time of the investigation, the consequence may vary within the Code of Conduct Disciplinary Chart.

The designated administrator will do preliminary fact finding to determine the nature and severity of the offense. An informal hearing will be conducted with the student reported for a violation of a policy of the Board of Education as well as with other students who have knowledge of the incident.

At the high school level, situations requiring additional investigation and attention will involve the office of the Dean of Students.

A. Removal

A student may be removed from class if he/she causes a serious disruption of the educational process within the classroom, provided no student shall be removed from class more than six (6) times in any school year nor more than two (2) times in one week, unless such student is referred to the building principal or his/her designee. If the disruption is significant enough to require referral to the principal, an Early Intervention Team (EIT) meeting will be convened to seek ways to remedy the situation.

Each school shall designate a supervised area to which teachers shall send students who are removed from the classroom. The principal or his/her designee shall be notified

immediately of the name of the student removed and the reason for the removal. The principal will determine if the parent/guardian needs to be contacted to assist with interventions to improve student behavior.

B. Suspension

1. A student may be assigned an in-school suspension if his/her conduct endangers persons or property, is seriously disruptive of the educational process, or violates a policy of the Board of Education. No student shall be placed in in-school suspension without an informal hearing before the principal or his/her designee.
2. A student may be assigned an out-of-school suspension if his/her conduct on school grounds or at a school-sponsored activity endangers persons or property, is seriously disruptive of the educational process, or violates a policy of the Board of Education. A student may also be assigned an out-of-school suspension if his/her conduct off school grounds violates a policy of the Board of Education and is seriously disruptive of the educational process. No student shall be placed in out-of-school suspension without an informal hearing before the principal or his/her designee.
3. All suspensions shall be in-school suspensions unless the administration determines, for any student enrolled in grades three through twelve, inclusive, that (a) the student being suspended poses such a danger to persons or property or such a disruption of the educational process that the student shall be excluded from school during the period of suspension; or (b) that an out-of-school suspension is appropriate based on evidence of previous disciplinary problems that have led to suspensions or expulsion of the student and efforts by the administration to address such disciplinary problems through means other than out-of-school suspension or expulsion, including positive support strategies.
4. A student enrolled in grades preschool to two, inclusive, may be given an out-of-school suspension if it is determined by the administration that such a suspension is appropriate based on evidence that the student's conduct on school grounds is of a violent or sexual nature that endangers persons. In addition, a person's duty as a mandated reporter to report suspected child abuse, neglect, or sexual assault is not limited by this section.
5. A student may be suspended from transportation service and/or from school if his/her conduct while on the bus or awaiting transportation to and from school endangers persons or property or violates a policy of the Board of Education.
6. In determining the length of the suspension period, the administration may consider evidence of past disciplinary problems that have led to removal from a classroom, suspension, and/or expulsion of a student.
7. Whenever administration seeks to impose a suspension period on a student with a disability requiring special education or accommodations, the administrator shall

determine the number of days of an in-school suspension or suspensions already imposed on said student during the school year, and to initiate compliance with State and Federal special education laws and regulations with respect to holding an Individualized Education Program (IEP) team or 504 team meeting if necessary.

8. Whenever a student is suspended, the principal or his/her designee shall notify the parent/guardian in a timely manner with the reasons which led to the student's suspension.
9. Whenever a student is suspended, the principal or his/her designee shall, within twenty-four hours, notify the Superintendent or his/her designee, in writing, of the name of the student and the reasons for disciplinary action.
10. Any student who is suspended shall be given a reasonable opportunity by the teacher to complete any class work including, but not limited to, quizzes, tests, or examinations that such student missed during the period of suspension.
11. Whenever a student is suspended, notice of the suspension and conduct for which the student was suspended shall be included on the student's cumulative education record, and shall be expunged only if the student graduates from high school. The Connecticut State Department of Education requires all in-school and out-of-school suspensions to be reported annually on the mandated ED166 form.

C. Expulsion

1. An impartial hearing officer or an impartial hearing board, as provided by State Statute, may expel any student in grades three to twelve, inclusive, whose conduct on school grounds endangers persons or property, is seriously disruptive to the educational process, or violates a policy of the Board of Education, or whose conduct off school grounds violates a policy of the Board of Education and is seriously disruptive to the educational process.
2. In considering whether a student's conduct is seriously disruptive of the educational process, the administration may consider, but such consideration shall not be limited to:
 - a. an incident occurring within close proximity of a school;
 - b. an incident that was premeditated;
 - c. involvement of a gang member or any student(s) acting in concert with other students;
 - d. conduct involving violence, threats of violence, the unlawful use of a weapon, or any injuries;
 - e. conduct involving the use of alcohol or drugs;
 - f. conduct involving bullying.
3. Expulsion proceedings shall be required, except as provided in Regulation #10 below, whenever there is reason to believe that any student in grades preschool through grade twelve, inclusive:

- a. on school grounds or at a school-sponsored activity was in possession of a firearm, deadly weapon, dangerous instrument, or martial arts weapon; or
- b. off school grounds, unlawfully possessed a firearm, or possessed and used a firearm, deadly weapon, dangerous instrument or martial arts weapon in the commission of a crime; or
- c. on or off school grounds, offered for sale or distribution a controlled substance whose manufacture, distribution, sale, prescription, dispensing, transporting with intent to sell or dispense, offering, or administering is subject to criminal penalties under applicable laws of the State of Connecticut.

Any student in grades preschool through grade twelve, inclusive, found by an impartial hearing officer or an impartial hearing board, as provided by State Statute, to have committed such conduct shall be expelled for one calendar year. An impartial hearing officer or an impartial hearing board, as provided by State Statute, may modify the period of expulsion for a student on a case-by-case basis.

Unless an emergency exists, no student shall be expelled without a formal hearing conducted by an impartial hearing officer or an impartial hearing board as provided by State Statute. If such emergency exists, such a hearing shall be held as soon after the expulsion as possible. The Superintendent or his/her designee shall notify the parent/guardian of any student expelled within twenty-four hours of the decision.

4. In determining the length of the expulsion and the nature of the alternative educational opportunity to be provided to the student during the period of any expulsion imposed, an impartial hearing officer or an impartial hearing board, as provided by State Statute, may consider evidence of past disciplinary problems which have led to removal from a classroom, suspension or expulsion of the student.
5. Any student under sixteen (16) years of age, and any student between the ages of sixteen (16) and eighteen (18) expelled for the first time, shall be offered an alternative educational opportunity during any period of expulsion imposed. However, such an alternative educational opportunity shall not be required for any student between the ages of sixteen (16) and eighteen (18) who is expelled for conduct which endangers persons involving possession of a firearm, deadly weapon, dangerous instrument, or martial arts weapon on school grounds or at a school-sponsored activity, or by offering a controlled substance for sale or distribution on school grounds or at a school-sponsored activity.
6. The alternative educational opportunity for any student over the age of sixteen (16) may include placement in an adult education program. Any student between the ages of sixteen (16) and eighteen (18) who has previously been expelled from school, and any student over the age of eighteen (18) at the time of expulsion may be offered an alternative educational opportunity at the sole discretion of the Superintendent or his/her designee.

7. If a student is in possession or is expelled for possession of a firearm or deadly weapon on school grounds or at a school-sponsored activity, the principal or his/her designee shall report the violation to the Trumbull Police Department or other appropriate authority.
8. If a student is found in possession of or is expelled for offering a controlled substance for sale or distribution on school grounds or at a school-sponsored activity, the principal or his/her designee shall report the violation to the Trumbull Police Department or other appropriate authority. The principal or his/her designee shall refer the student to an appropriate State or local agency for rehabilitation, intervention, or job training, or any combination thereof, and inform the agency of that referral.
9. Whenever a student is expelled, notice of the expulsion and the conduct for which the student was expelled shall be included on the student's cumulative educational record, and, except for notice of an expulsion for possession of a firearm or deadly weapon, shall be expunged from the student's record if the student graduates from high school. The Connecticut State Department of Education requires all expulsions to be reported annually on the mandated ED166 form.
10. Prior to conducting an expulsion hearing for a student requiring special education and related services, the student's Planning and Placement Team shall convene to determine whether misconduct was caused by the disability. If it is determined that the misconduct was caused by the disability, the student shall not be expelled. If it is determined that the misconduct was not caused by the disability, the expulsion hearing may proceed. Notwithstanding the provisions above relating to the provision of an alternative educational opportunity to students who are expelled from school, whenever a student requiring special education and related services is expelled, an alternative educational opportunity consistent with the student's educational needs and applicable State and Federal laws shall be provided during the period of expulsion.
11. Any expelled student may apply to the Superintendent of Schools or his/her designee for early readmission to school. The decision to grant or deny the student's request for readmission shall be at the sole discretion of the Superintendent of Schools or his/her designee, who may grant readmission conditioned on specified criteria.

III. Readmission of Student from a Residential Placement

An expelled student who has been placed in a juvenile detention center, the Connecticut Juvenile Training School, or any other residential placement, for one year or more, shall be permitted to return to the appropriate school setting within the District. Further, the District shall not expel the student for any additional time for the offense(s).

IV. Off-Campus Misconduct

Students and parents/guardians are hereby notified that, in addition to the offenses listed under Sale/Distribution of Drugs/Weapons Offenses for which students must be expelled from school, students may also be expelled from school if their conduct off school grounds both violates a policy of the Trumbull Board of Education and is seriously disruptive of the educational process.

In considering whether a student's conduct is seriously disruptive of the educational process, the administration may consider, but such consideration shall not be limited to, the following factors: (1) whether the incident occurred within close proximity of a school; (2) whether other students from the school were involved or whether there was any gang involvement; (3) whether the conduct involved violence, threats of violence, or the unlawful use of a weapon, as defined in Connecticut General Statutes, and whether any injuries occurred; and (4) whether the conduct involved the use of alcohol or drugs.

V. Discipline of Students with Disabilities

Students identified as having disabilities under either the Individuals with Disabilities Education Act ("IDEA") or §504 of the Rehabilitation Act may be suspended from school or assigned to in-school suspension for up to ten (10) days in any given school year under the same conditions that would lead to the suspension of any other student of the Trumbull Public Schools. If the Administration proposes disciplinary action which would lead to the exclusion of a student with a disability for more than ten (10) days in any given school year, including further suspensions or expulsion, the school must convene a meeting of the student's IEP team to determine whether the student's conduct was a manifestation of his/her disability before imposing such disciplinary action. Students with disabilities and parents/guardians of students with disabilities should consult the Procedural Safeguards in Special Education given to parents/guardians at every IEP team meeting or available from the Office of Pupil Personnel Services for more details on this process.

VI. Conduct Leading to Disciplinary Action

Students may be subject to disciplinary action including suspension or expulsion for conduct on or off school property, on school transportation, or at a school-sponsored activity that endangers persons or property, is seriously disruptive of the educational process, or that violates a policy of the Board of Education. - disability, learning disability, or physical disability, including but not limited to blindness), genetic information, or any other basis prohibited by Connecticut State and/or Federal non-discrimination laws;
5. Violation of smoking/tobacco product use, dress, or transportation regulations;
 6. Deliberate refusal to obey an order or directive from a member of the school staff, or disruptive classroom behavior;

**TRUMBULL PUBLIC SCHOOLS
CODE OF CONDUCT DISCIPLINARY CHART**

PREFACE

This policy provides only a summary of the rules governing student disciplinary procedures used in the Trumbull Public Schools, and is based upon the policies of the Trumbull Board of Education. The Code of Conduct Disciplinary Chart provides a clear, concise description of student offenses, penalties, and procedures for handling disciplinary problems. However, it is virtually impossible to anticipate every type of infraction. Therefore, the Administration reserves the right to address any other infractions not specified in this chart. All disciplinary actions need to reflect the Administration's ability to use best practices and professional judgment under the recognized disciplinary administrative due process guidelines. A copy of the policies of the Trumbull Board of Education, including this policy, can be viewed at the office of the Superintendent of Schools, in the main office at each school and online at www.trumbullps.org. Students are held responsible for their actions and for compliance with both this policy and the policies of the Trumbull Board of Education.

In the Trumbull Public Schools, the following chart shall be used in determining the appropriate disciplinary consequence for a given violation of Board policy. Parents/guardians, staff, and students are hereby notified that the appropriate consequence will be determined on a case-by-case basis, and that, depending on the situation, the severity of the offense, the student's level of involvement, the student's prior record for discipline, academics, and attendance, and the level of cooperation exhibited by the student at the time of the investigation, the consequence may vary within these guidelines. The Administration and the Trumbull Board of Education reserve the right to impose disciplinary consequences up to and including expulsion, depending on the severity of the offense.

Repeat infractions or a course of conduct in any of the categories will result in more severe disciplinary action, including possible expulsion, which may include referral to school and community resources. Where appropriate, guidance counselors or other support staff will be actively involved in all cases. Chronic or particular offenses, in conjunction with administrative review of the student's record, may cause a student to be referred to the Early Intervention Team, PPT/IEP Team, §504 Team, or a Student Assistance Team (SAT) for review of the student's need for additional types of assistance and in extreme cases be recommended for expulsion from school.

SALE/DISTRIBUTION OF DRUGS / WEAPONS POSSESSION

Students and parents/guardians are hereby notified that, pursuant to State law, students who offer a controlled substance for sale or distribution either on or off school grounds, students who are found in possession of a firearm, deadly weapon, or dangerous instrument on school grounds or at a school-sponsored activity, and students who are found to have used a weapon in the commission of a crime either on or off school grounds must be brought before an impartial hearing officer or an impartial hearing board, as provided by State Statute, for an expulsion hearing. If the student is found to have committed one of these offenses, the student will be expelled from school for one full calendar year, provided that the an impartial hearing officer or impartial hearing board may modify the period of expulsion on a case-by-case basis. In addition, it is the policy and practice of the Trumbull Public Schools for the Administration to recommend the immediate expulsion of any student in grades three to twelve, inclusive, found in possession of and/or using a controlled substance on school grounds or at a school-sponsored activity, including transportation.
