

## CAREER EDUCATION

### Policy

It is the policy of the Trumbull Board of Education to offer to its students learning experiences which allow an individual to explore the world of work. The instructional strategy governing these experiences will be aimed at relating teaching and learning activities to career development and/or post secondary education.

Overseeing the school to career program will be part of the responsibility of the guidance coordinator who will report to the Superintendent's designee.

Guidelines

- \* Plan school to career initiatives for all students K-12.
- \* Integrate career concepts and workplace readiness skills into all parts of every curriculum.
- \* Make school to career concepts an important part of the Developmental Guidance program.
- \* Link education and work to prepare our students for the life-long process of career development.
- \* Give our students multiple opportunities to observe, explore, and participate in a variety of meaningful work experiences.
- \* Partner with business, community and town government to prepare students for higher education and for careers in the global marketplace.
